

Warndon Resident Survey Results

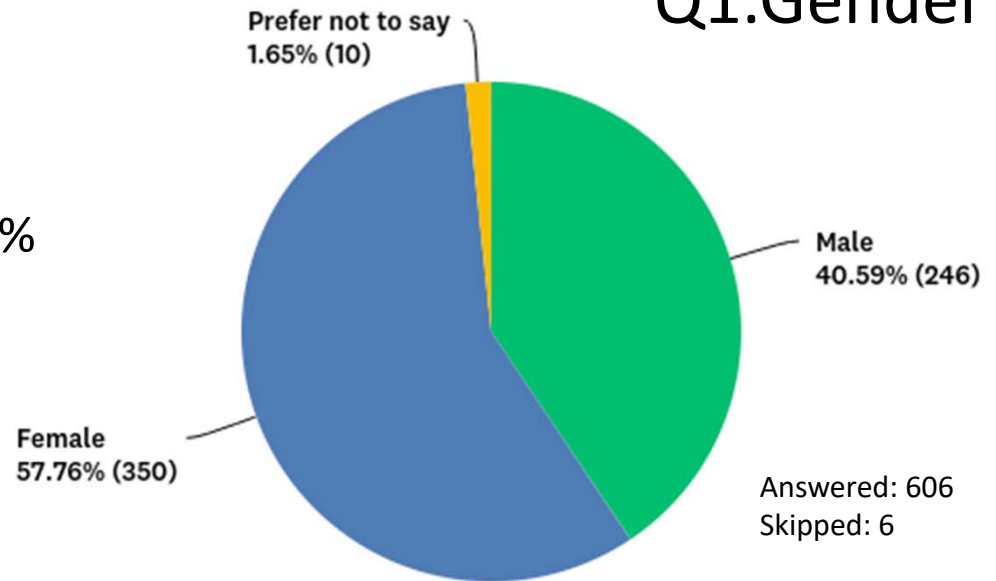

Respondents

- 612 responses
- 157 completed online
- Higher level of females completing
- 2011 Census 50.9% female and 49.1% males in parish

Q2.Age

Q1.Gender

- Good spread of ages largest age group 50-59+
- Broadly in line with 2011 Census where 49% of population were between 30-59 (56% of respondents fell into this age range).
- However in 2011 census only 11% of population 60+, whereas 40% of respondents 60+. Is this just a reflection on who has taken time to complete the questionnaire?

Q3. Ethnicity

Answered: 605 Skipped: 7

	% respondents to survey	% population in 2011 Census
White British	95.0%	90.5%
White other	1.8%	2.8%
Asian/ Asian British	0.8%	1.7%
Black/ Black British	0.3%	0.2%
Mixed background	0.2%	1.3%
Prefer not to say	1.8%	

- The percentage of white British respondents is higher than the 2011 Census where 91% of the population classed themselves as White British.
- Responses suggest little change in the ethnic mix since 2011; Asian/ Asian British and those of mixed background may be slightly under represented in the responses.

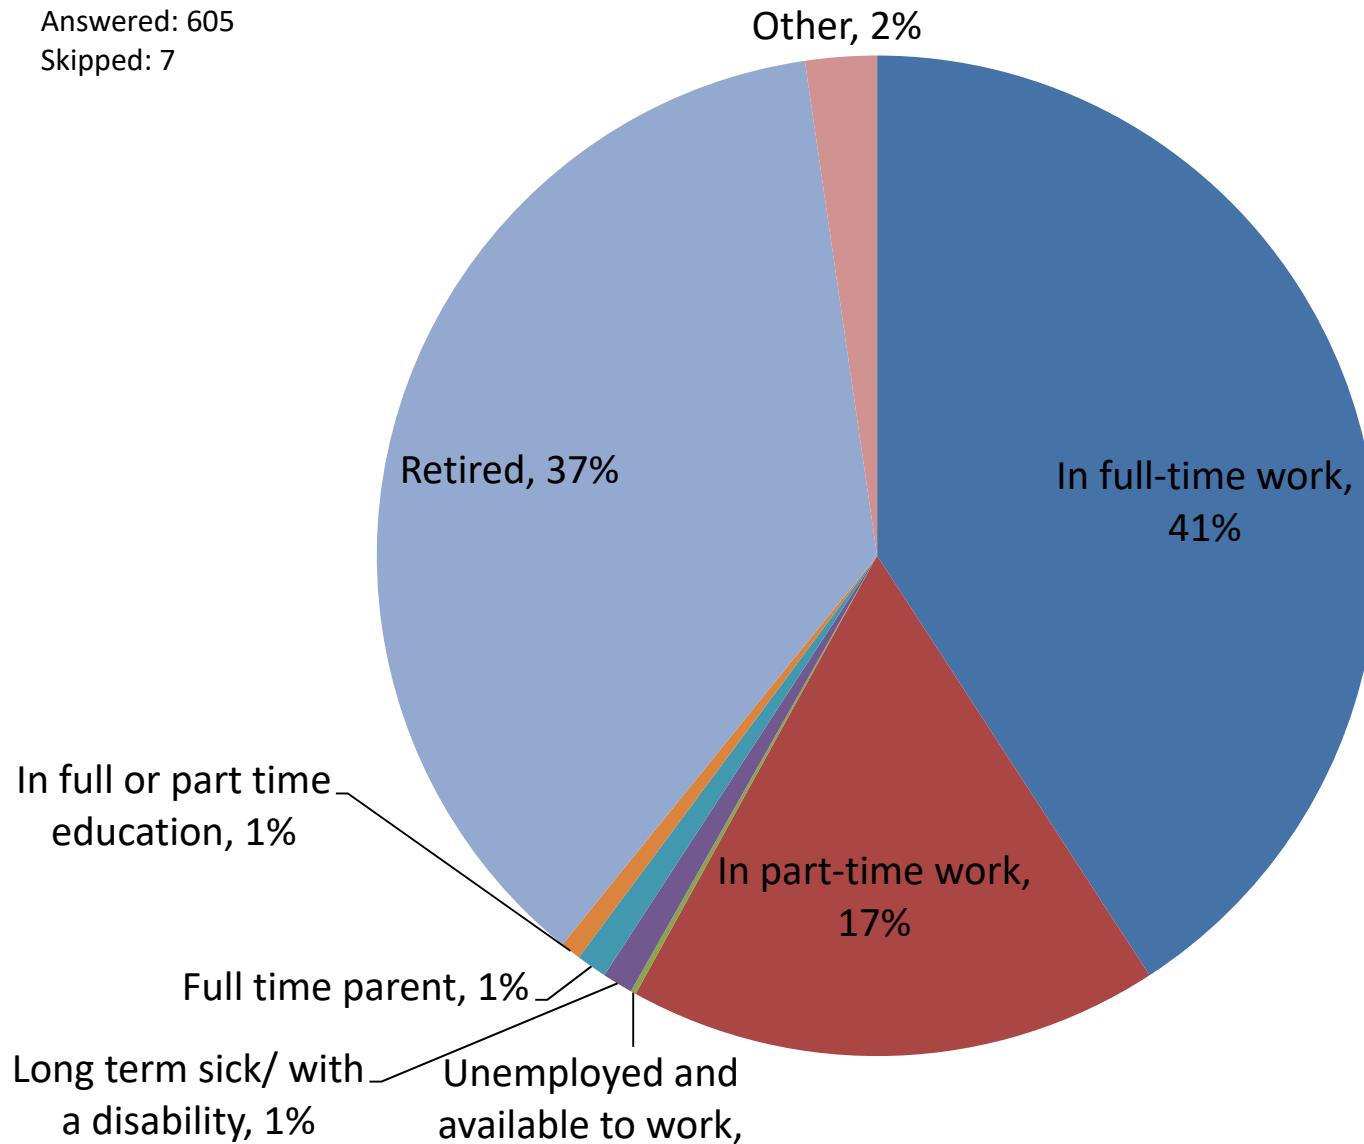

Q5. Main Residence

Answered: 606 Skipped: 6

- 100% of respondents confirmed that their main residence is in Warndon Parish

Q4. How respondents describe themselves:

Answered: 605
Skipped: 7

Of the 14 that selected other:

- 4 are full time carers,
- 3 are homes makers,
- 1 is a homemaker/ carer,
- 2 are self employed,
- 2 are semi retired,
- 1 is a business owner, and
- 1 is on maternity

Q6. Postcodes

Answered: 599 Skipped: 13

Postcodes	Number of respondents	Street	Area

- Postcode areas are generally very small.
- Responses received from across the Parish.
- Only 13 didn't provide a postcode.

Respondents continued:

Q7. Length of time residing in Warndon Parish

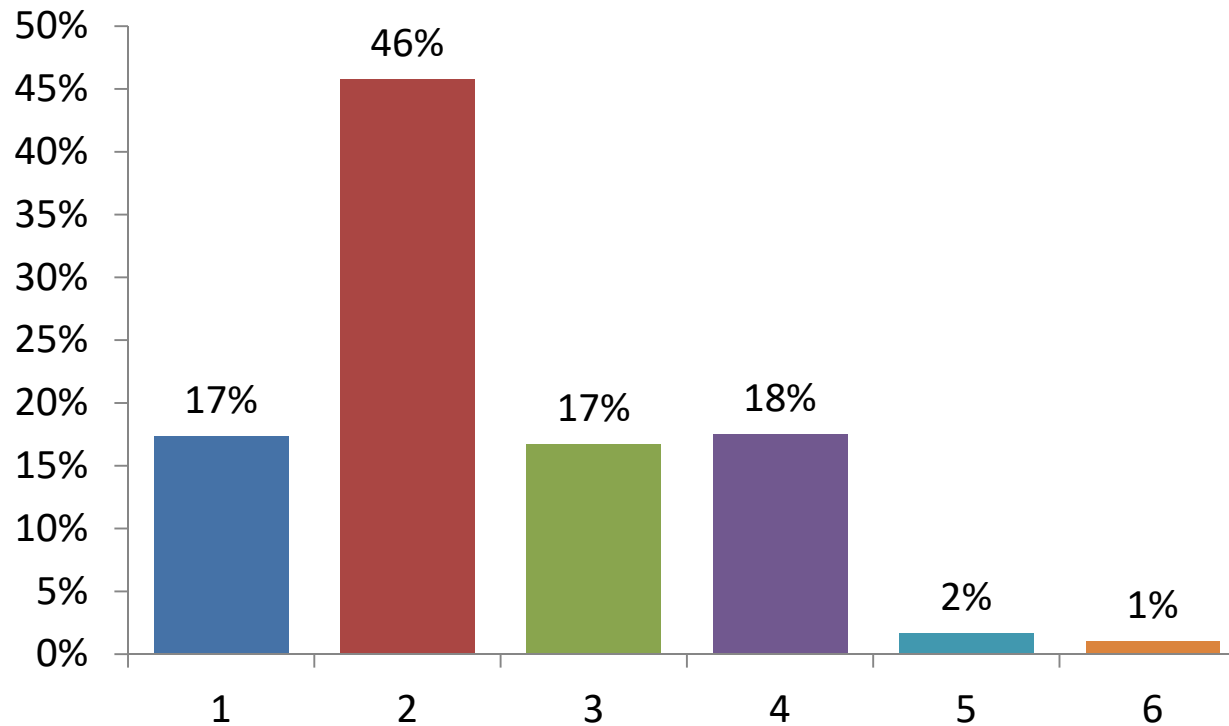

Answered: 608 Skipped: 4

- 80% of residents have lived in the Parish for over 6 years, and 50% for over 15 years. There are some very long term residents in the Parish.

Household Data

Q8. Number of people per household

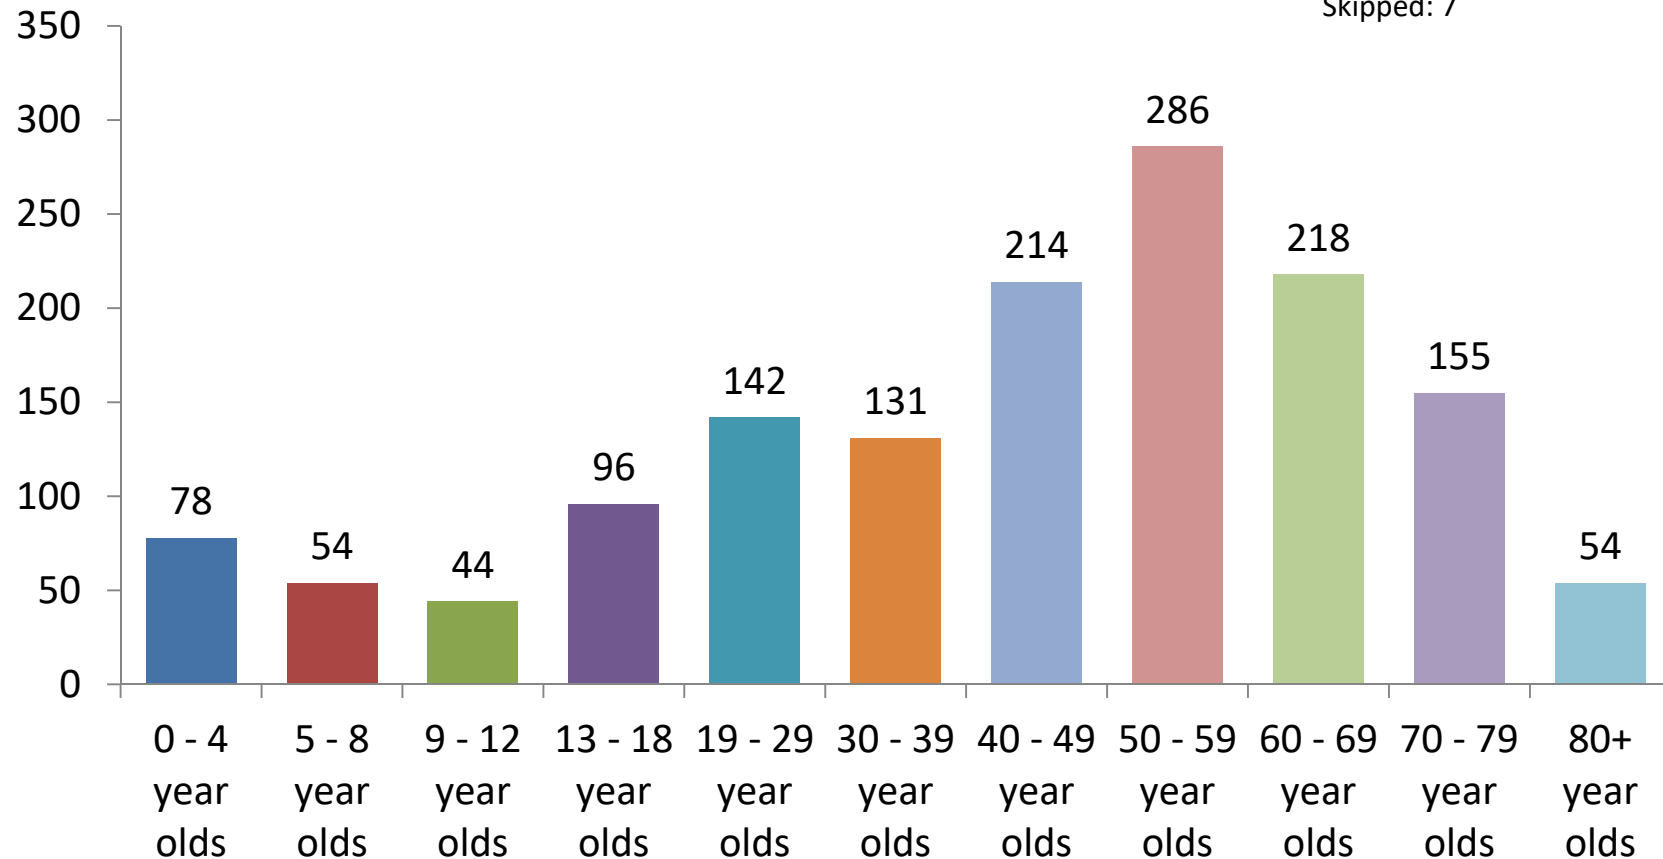

Answered: 605 Skipped: 7

- 2011 Census 20% of households were single person households.
- The majority of responding household were made up of two people (277 households). This group are slightly over represented as in 2011 Census 36% of households were 2 person households, 19% 3 person households and 18% 4 person households. Although this could represent a shift since 2011 – e.g. empty nesters.

Q9. Number of people per age group

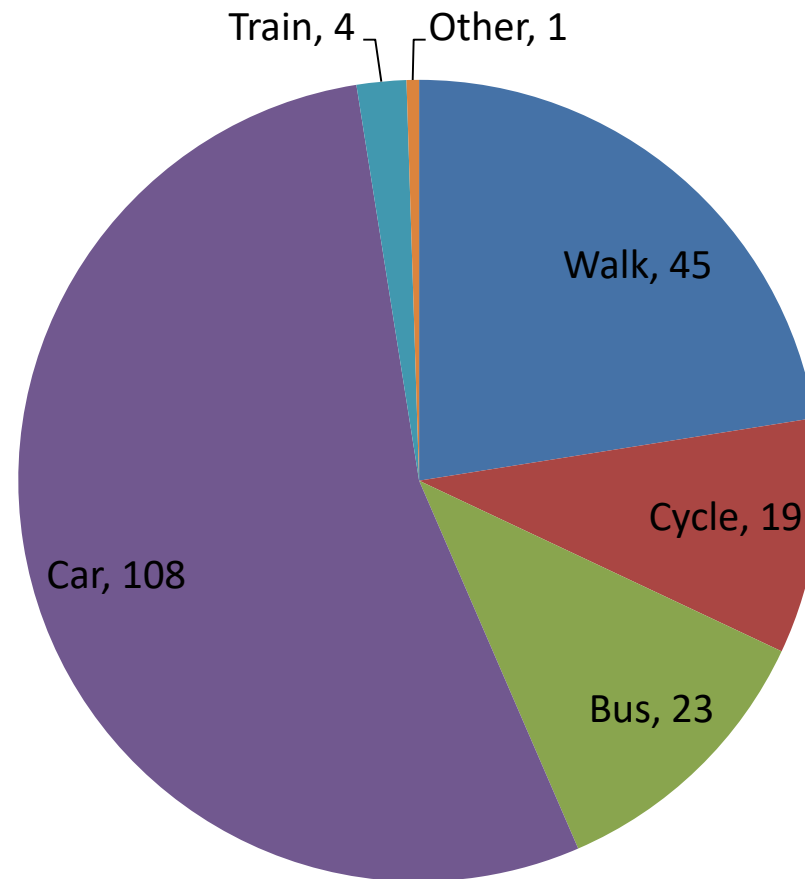

Answered: 605
Skipped: 7

- There are 1472 people living in the 605 households that provided answers to this question
- 61 households had 78 0-4 year olds living in them
- 45 households had 54 5-8 year old living in them
- 38 households had 44 9-12 year olds living in them
- 70 households had 96 13- 18 year olds living in them
- 22 households where all the residents were over 80

Q10. How children get to school

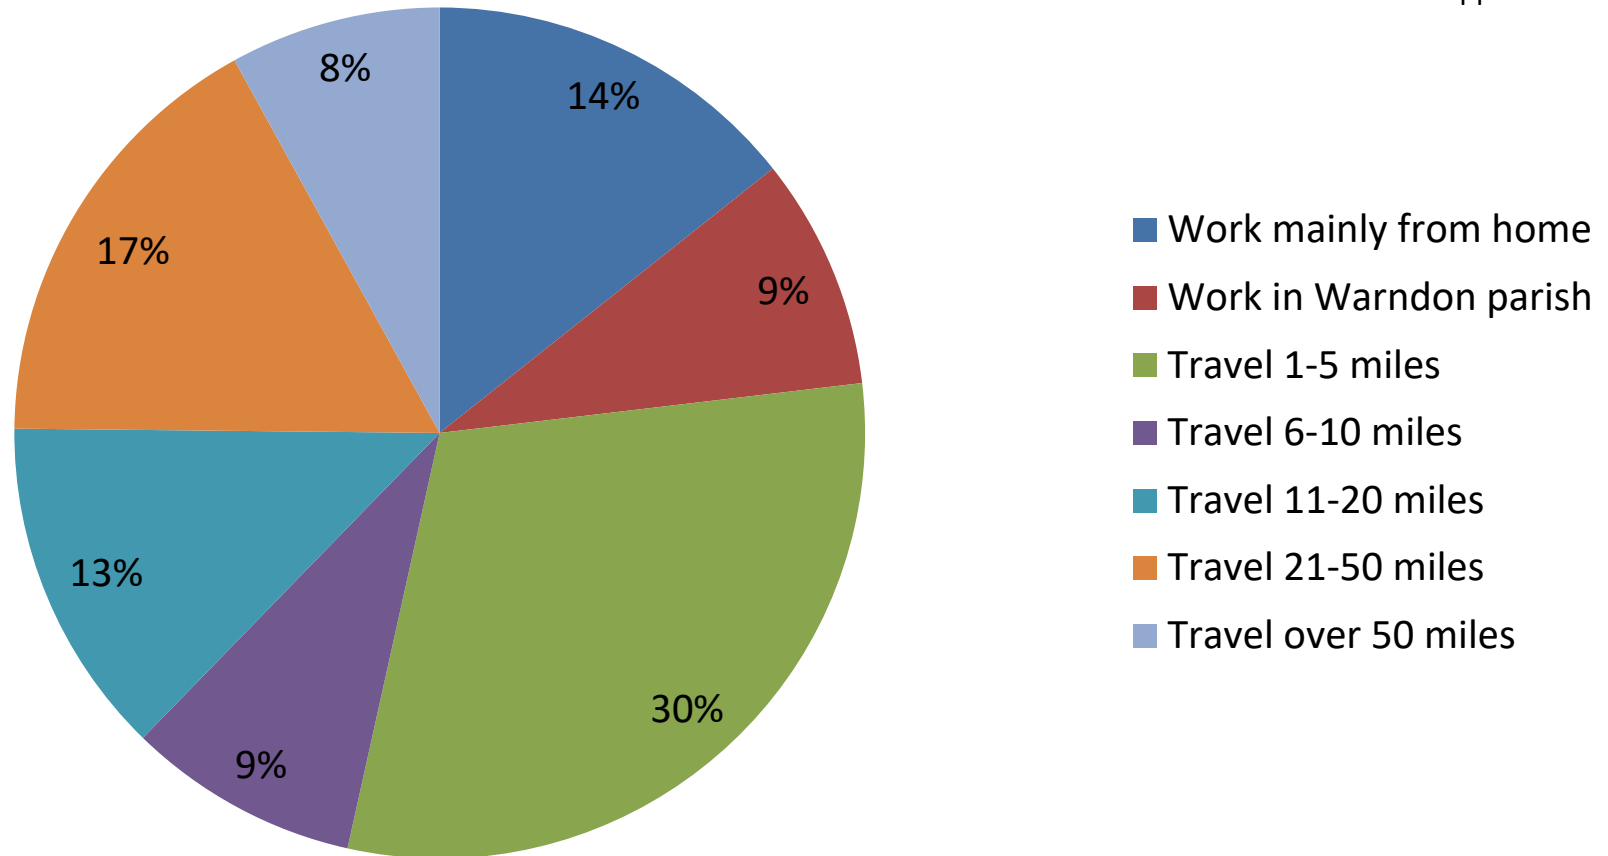

Answered: 136 Skipped: 476

- Of 136 families that responded there were 200 children in full time education
- 54% used a car as the main mode of transport to get to school/ college
- 33% walked or cycled
- 12% caught the bus, 2% caught the train

Q11. How far workers travel

Answered: 419 Skipped: 193

- Information was provided on the distance 761 working adults travel to work.
- 14% work mostly from home - this is an increase from the Census 2011 where only 9% worked mainly from home.
- A similar percentage of people work within 10 miles of the parish to that identified in the 2011 Census.
- A quarter of working respondents travel over 21 miles to work.

Q12. How workers travel

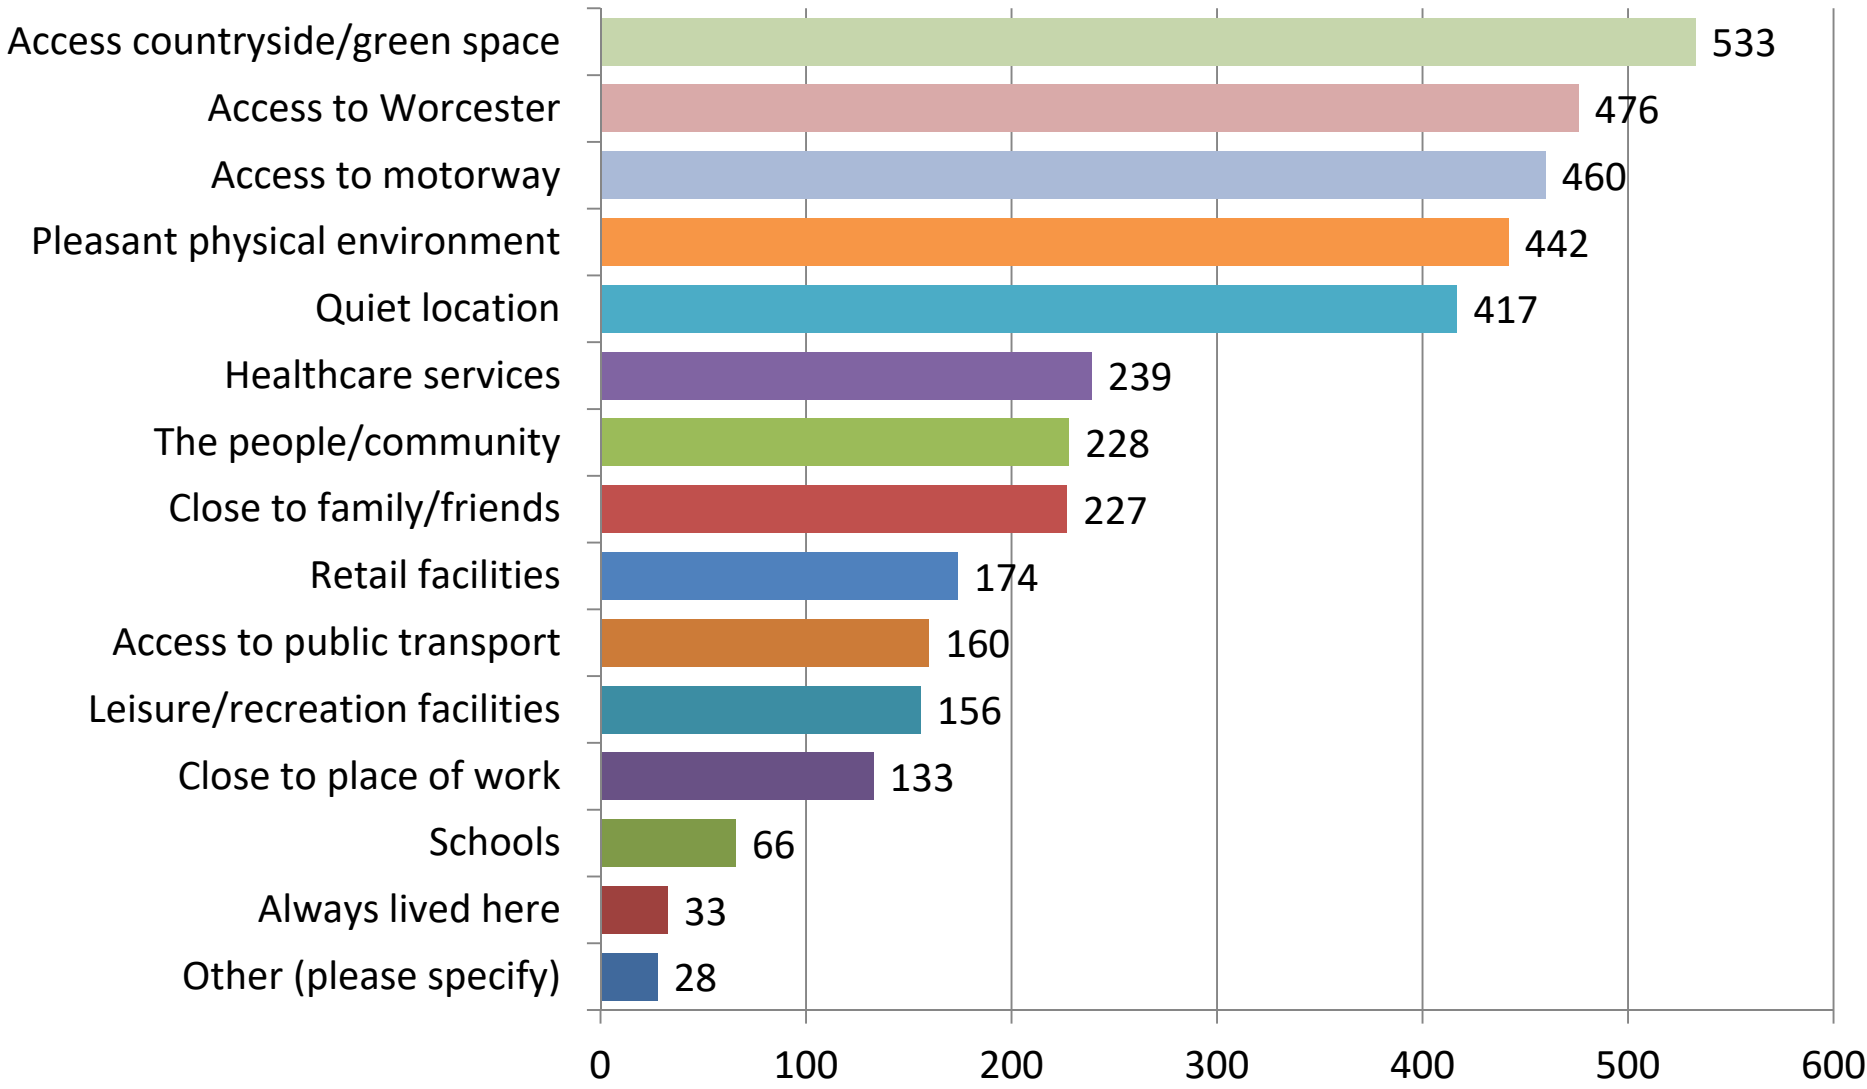

Answered: 421 Skipped: 191

	Walk	Cycle	Bus	Train	Car/ Van	Motor cycle	Don't travel	Blank
Home	4%	2%	2%	2%	31%		57%	3%
Work in Parish	39%	9%			51%			1%
Travel 1-5 miles	9%	5%	4%		80%		1%	
Travel 6-10 miles			1%		99%			
Travel 11-20 miles		1%	2%		96%			1%
Travel 21-50 miles				9%	90%	1%		1%
Travel 51+ miles				7%	93%			

- Car/ van was the most popular choice for commuting to work for every distance, apart from by those who work mostly from home where 57% had no need to travel.
- Those that work in the parish are more likely to walk or cycle although 51% still use a car/ van.
- Fairly low use of the bus given the proximity to Worcester.
- As expected the greater the distance the greater the reliance on vehicles, interestingly once the distance is over 21 miles the train starts to be used. Will a new parkway make a difference to these patterns?

Q13. What do you like about living in the parish?

Answered: 607 Skipped: 5

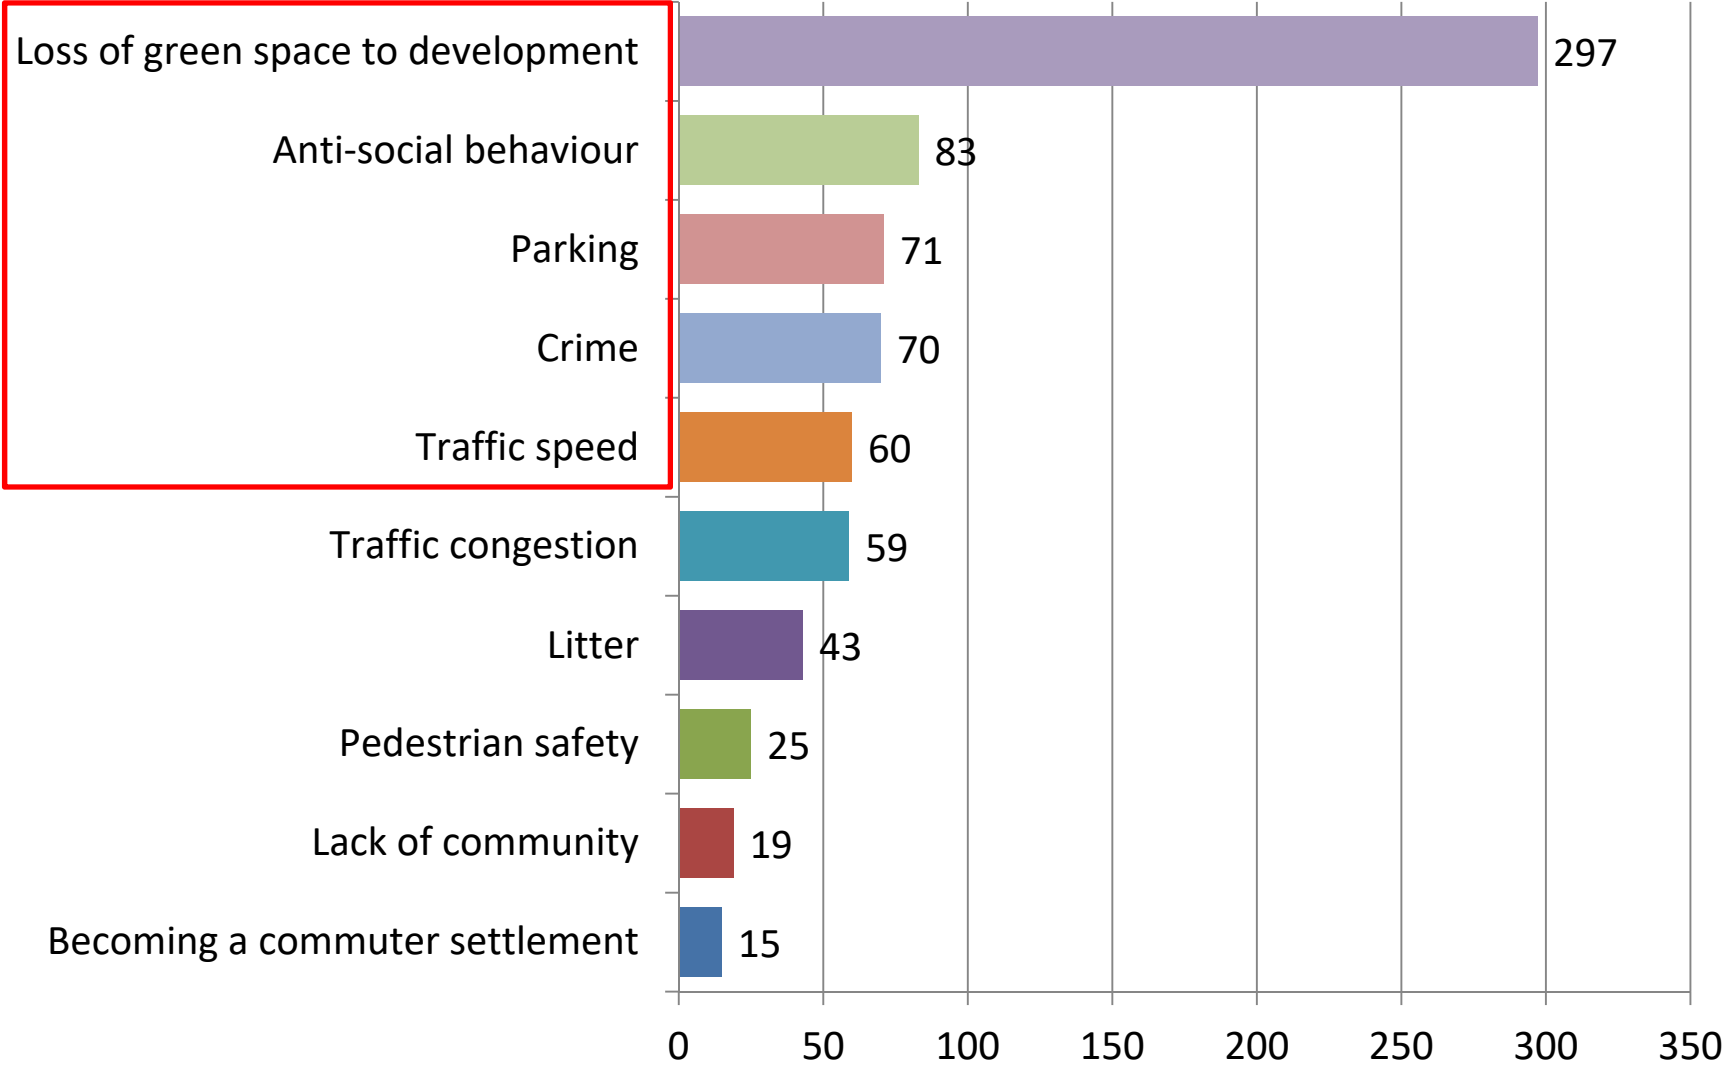

- Other includes footpaths and cycle network, green space, church, and access

Q14. What are the five greatest concerns?

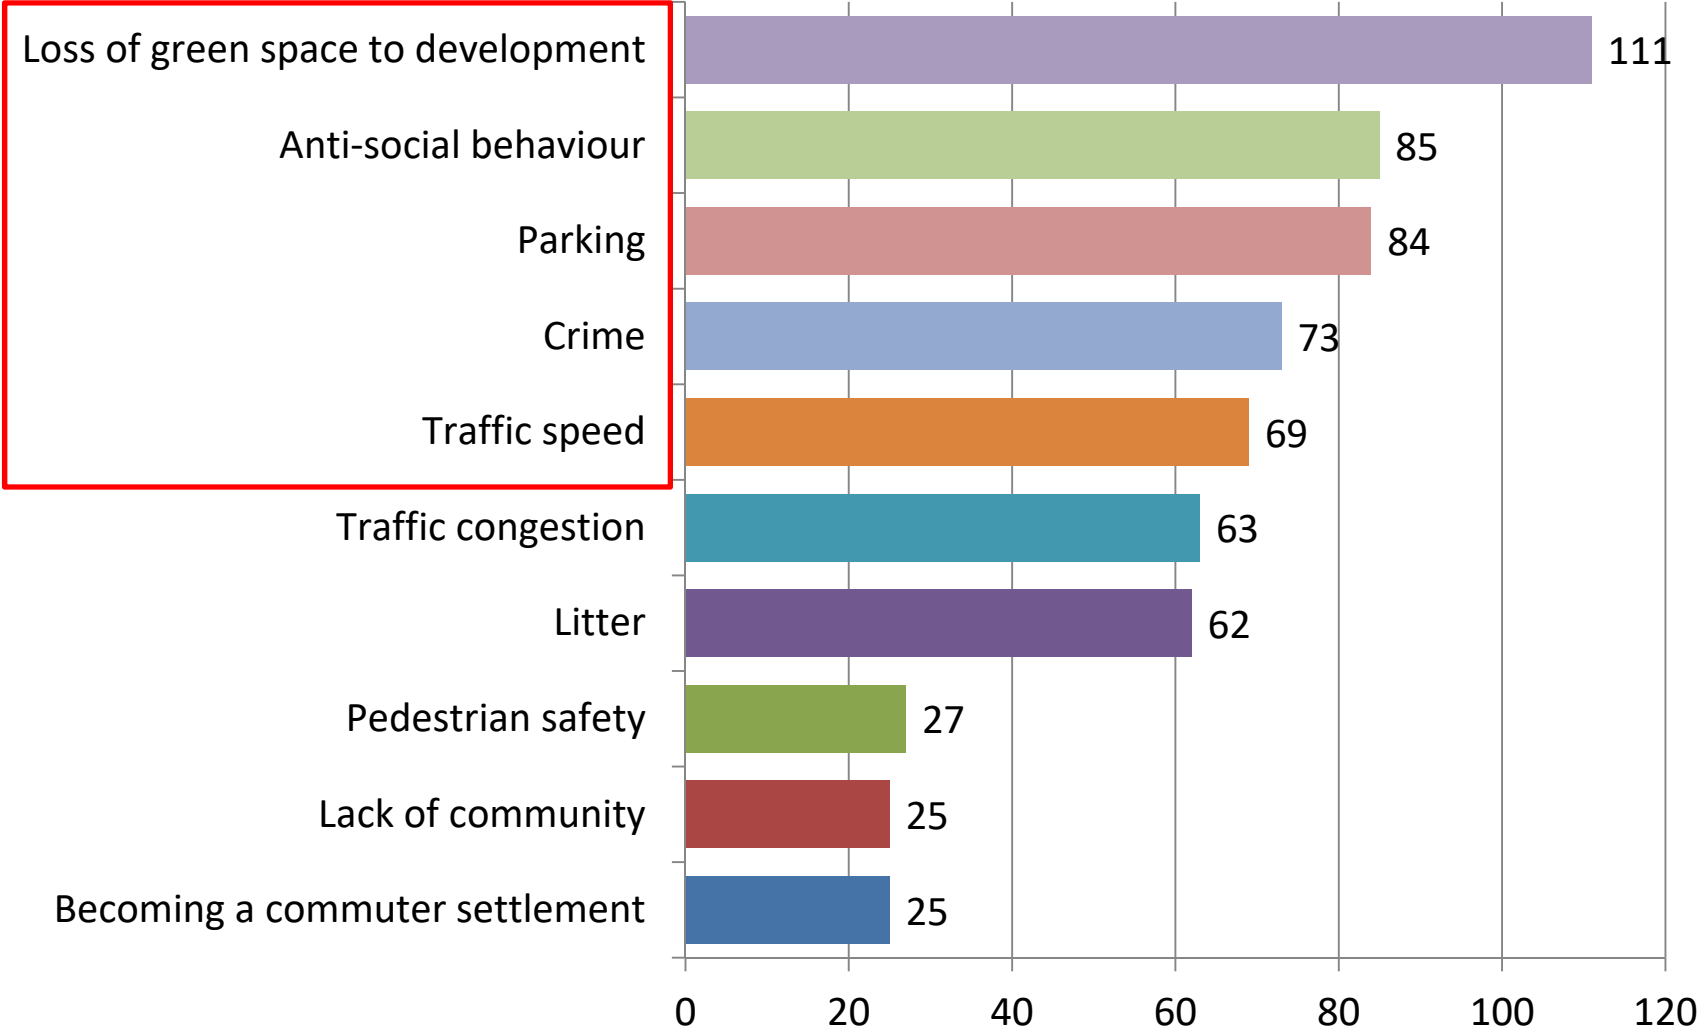

Answered: 602 Skipped: 10

- Ranked as number 1

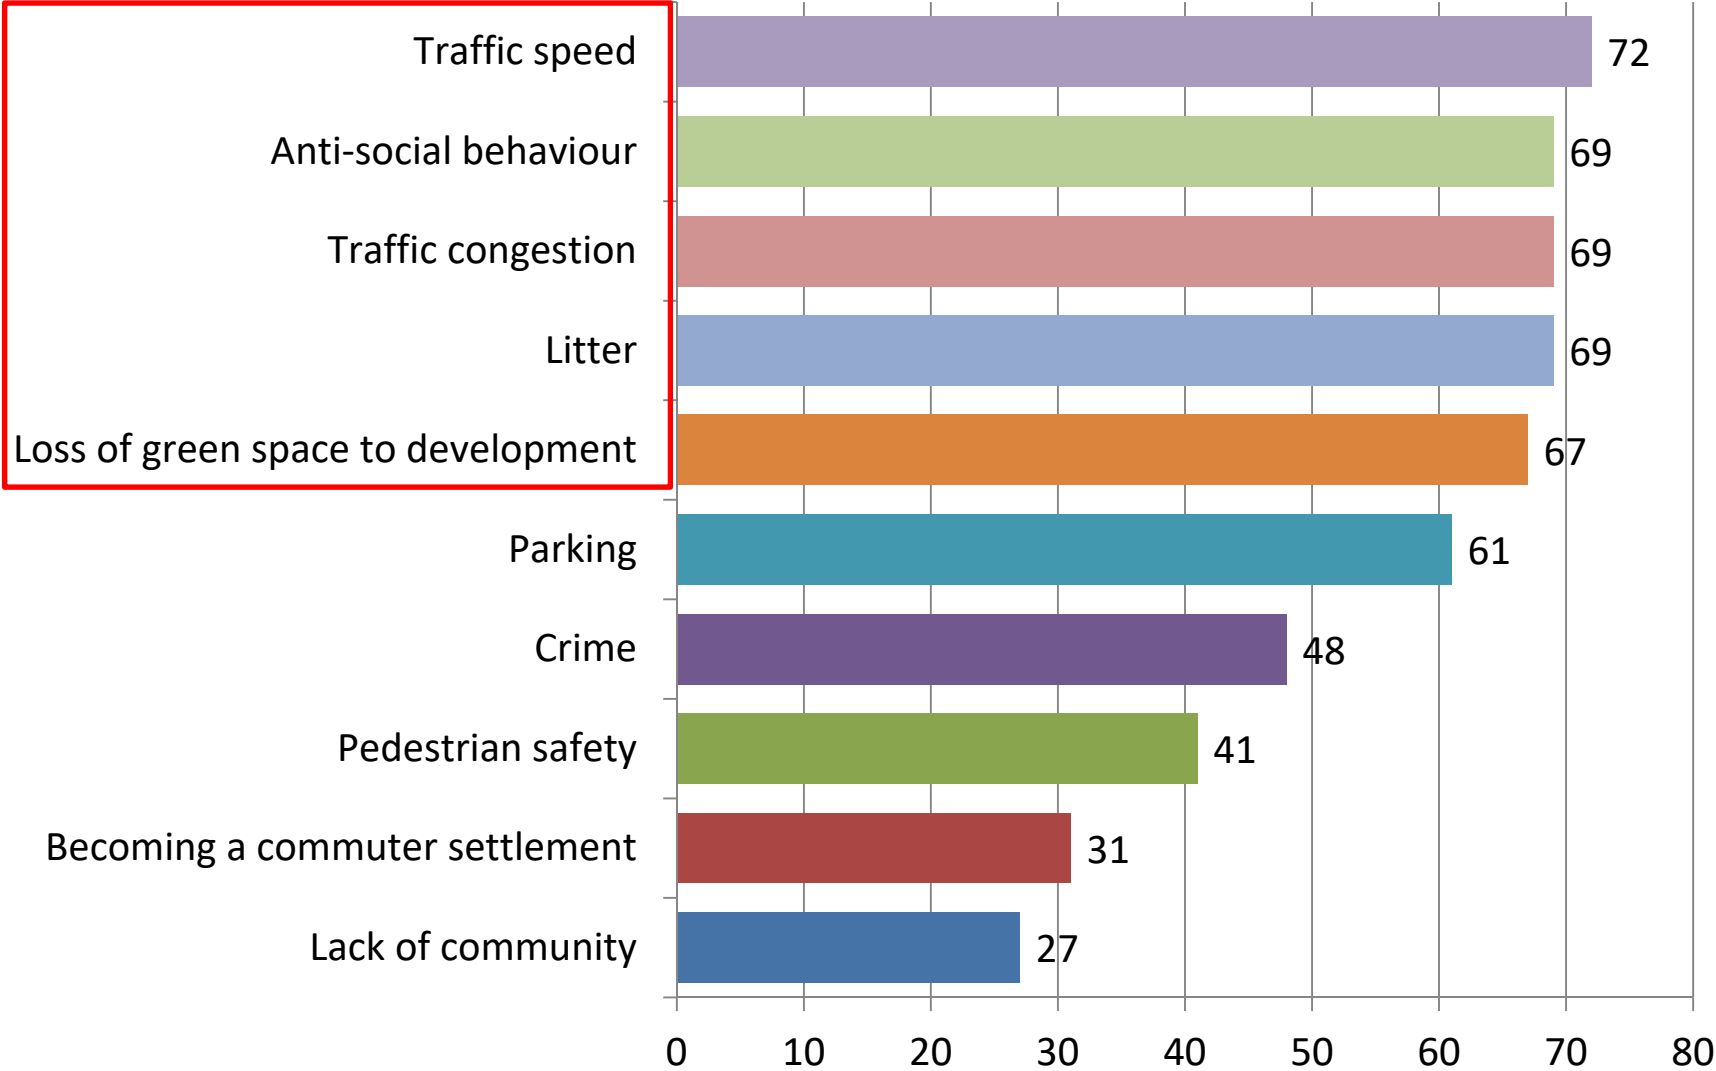

Q14. What are the five greatest concerns?

- Ranked as number 2

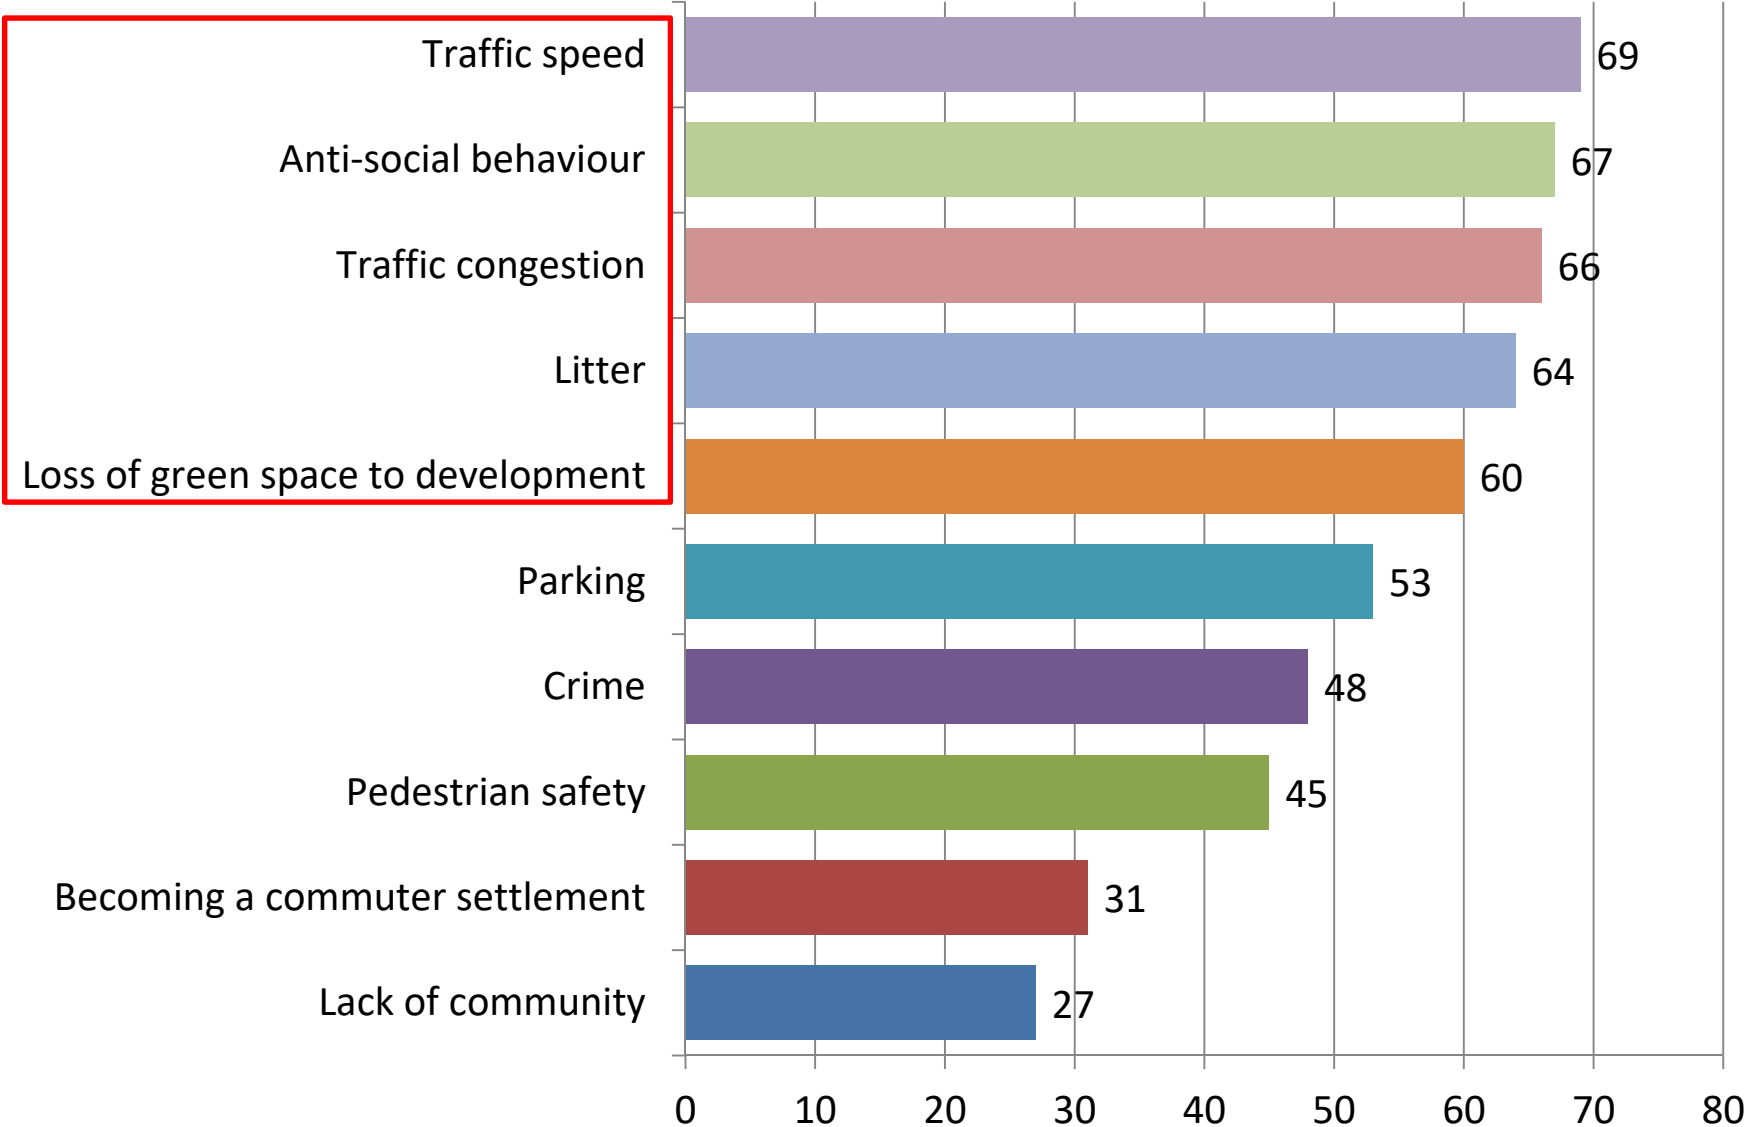

Q14. What are the five greatest concerns?

- Ranked as number 3

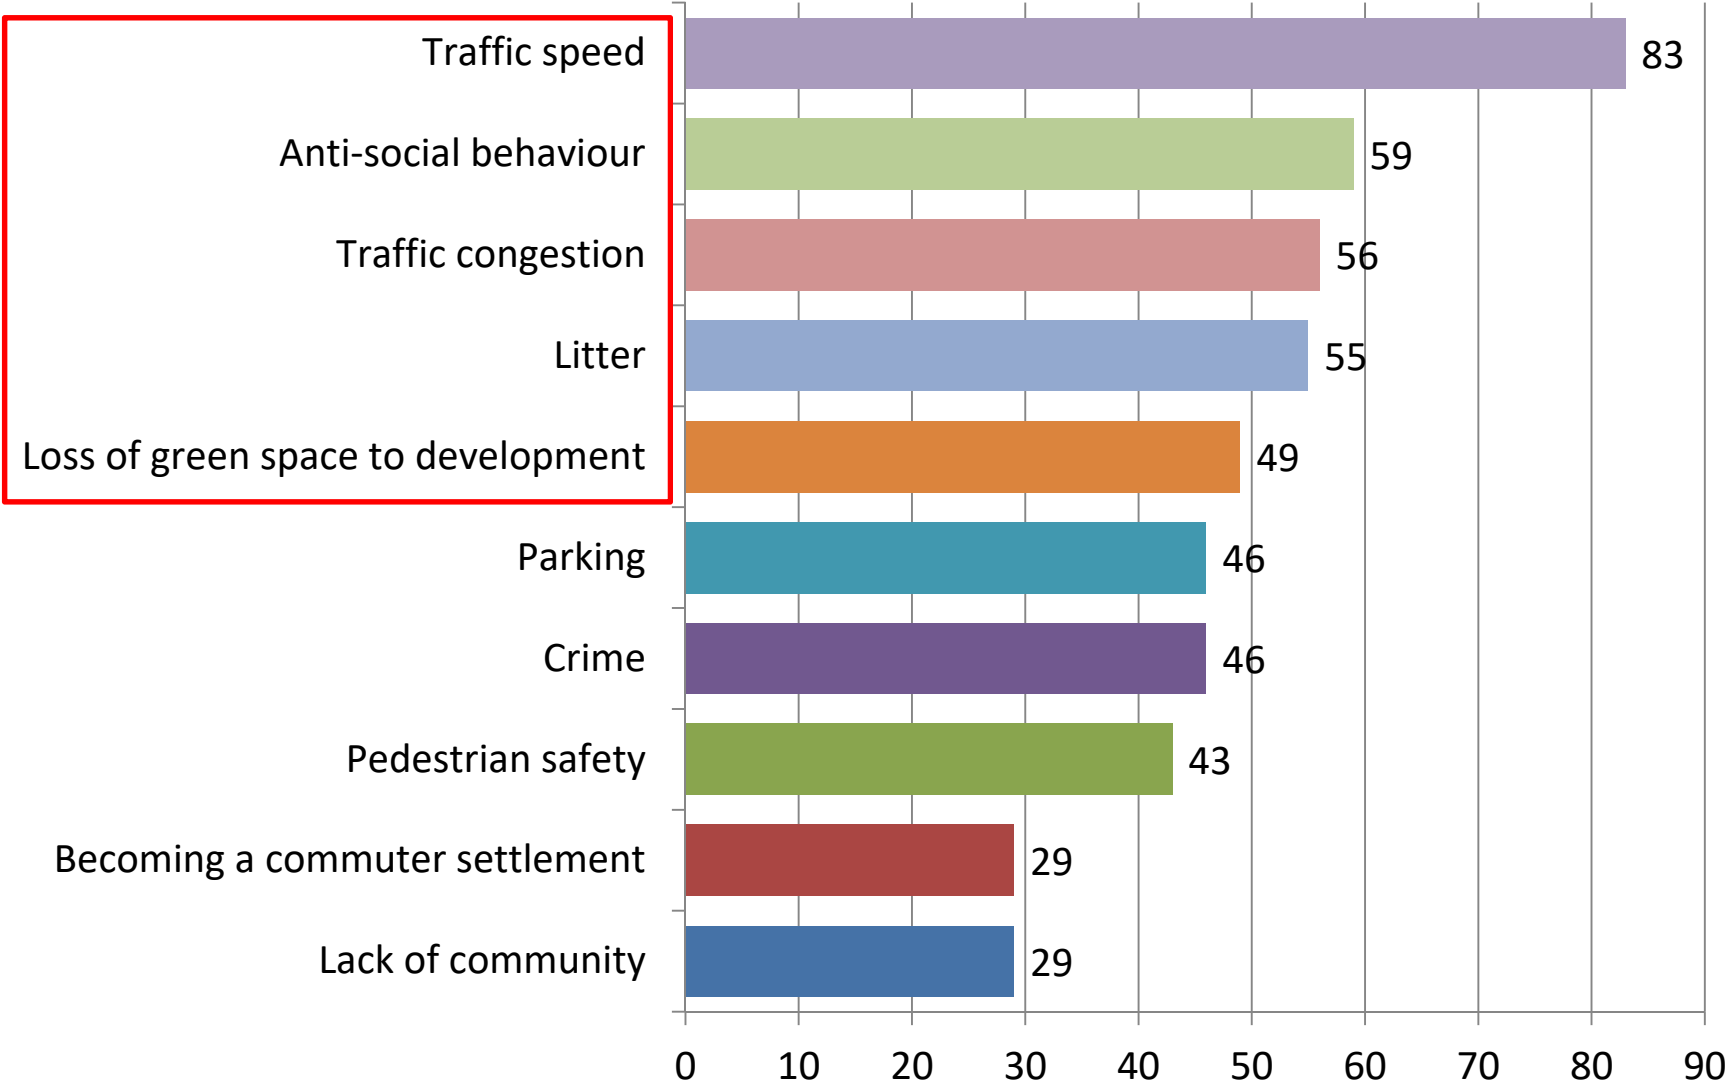

Q14. What are the five greatest concerns?

- Ranked as number 4

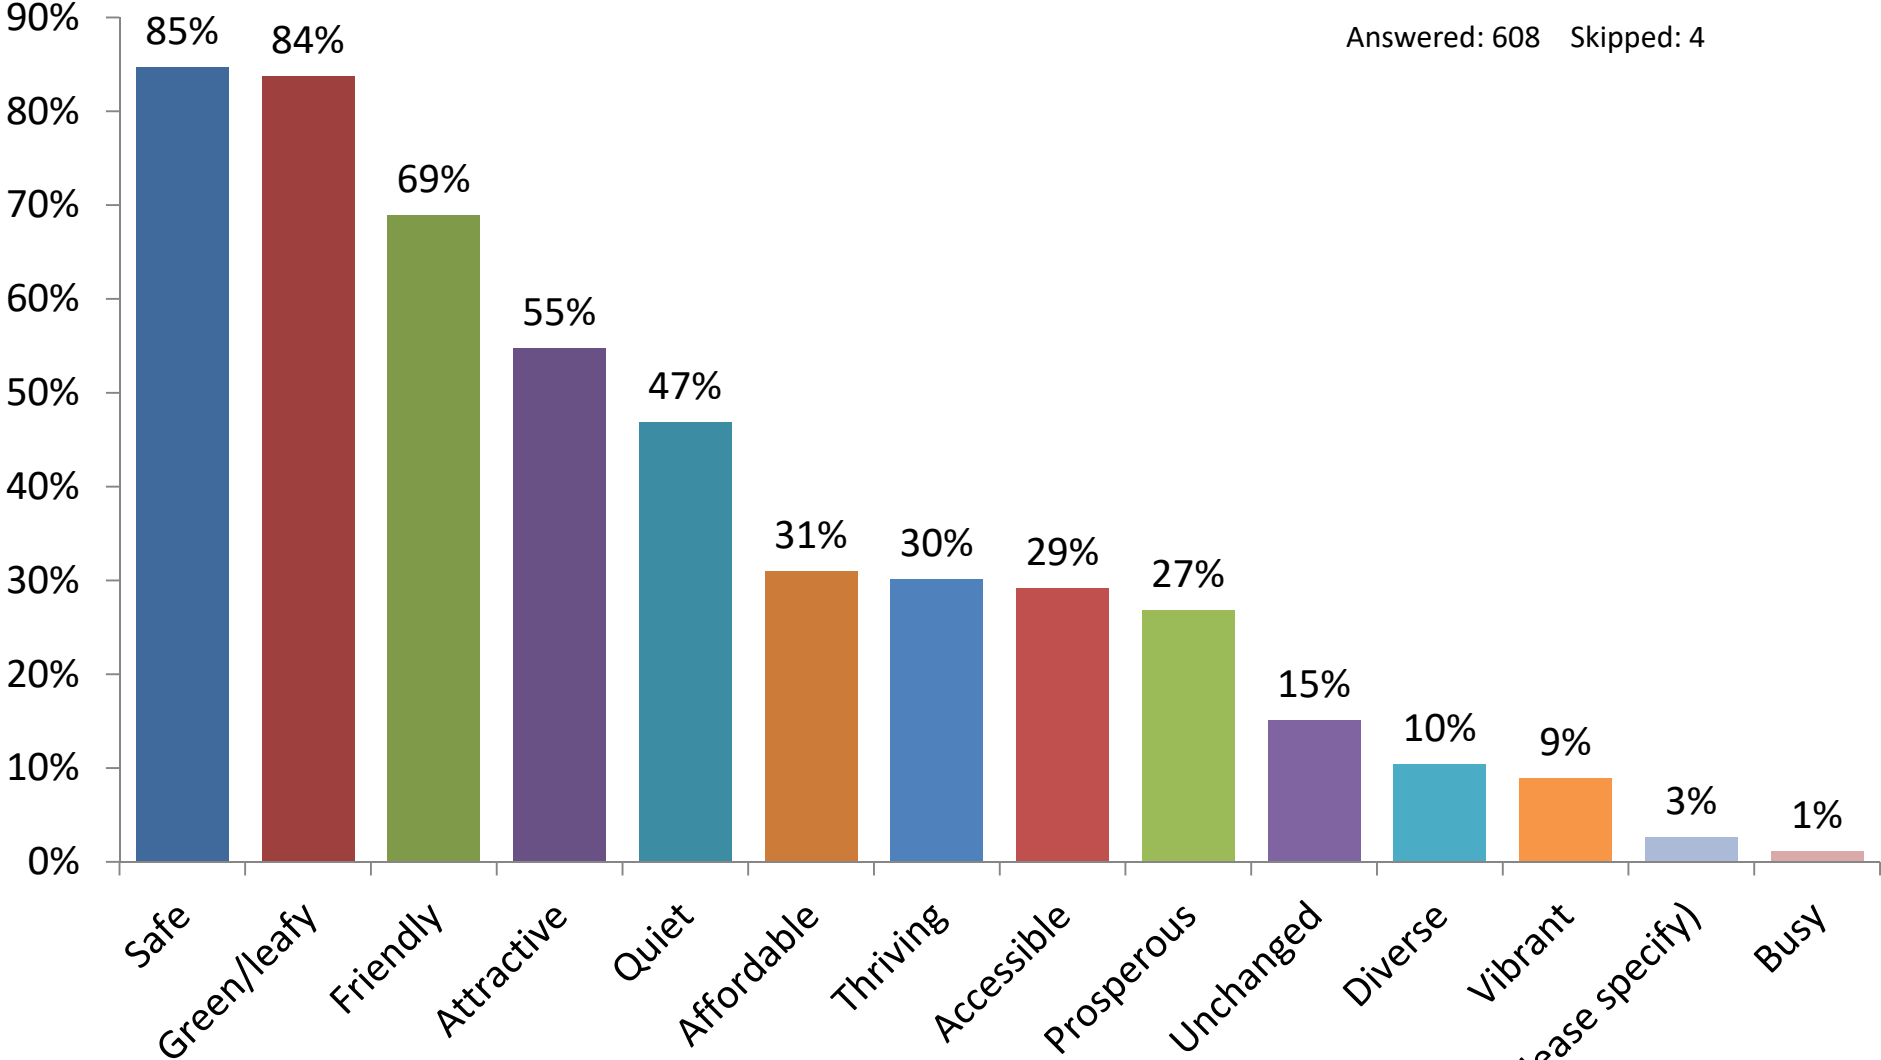

Q14. What are the five greatest concerns?

- Ranked as number 5

Q15. 5 words that to describe the parish in 15 years time.

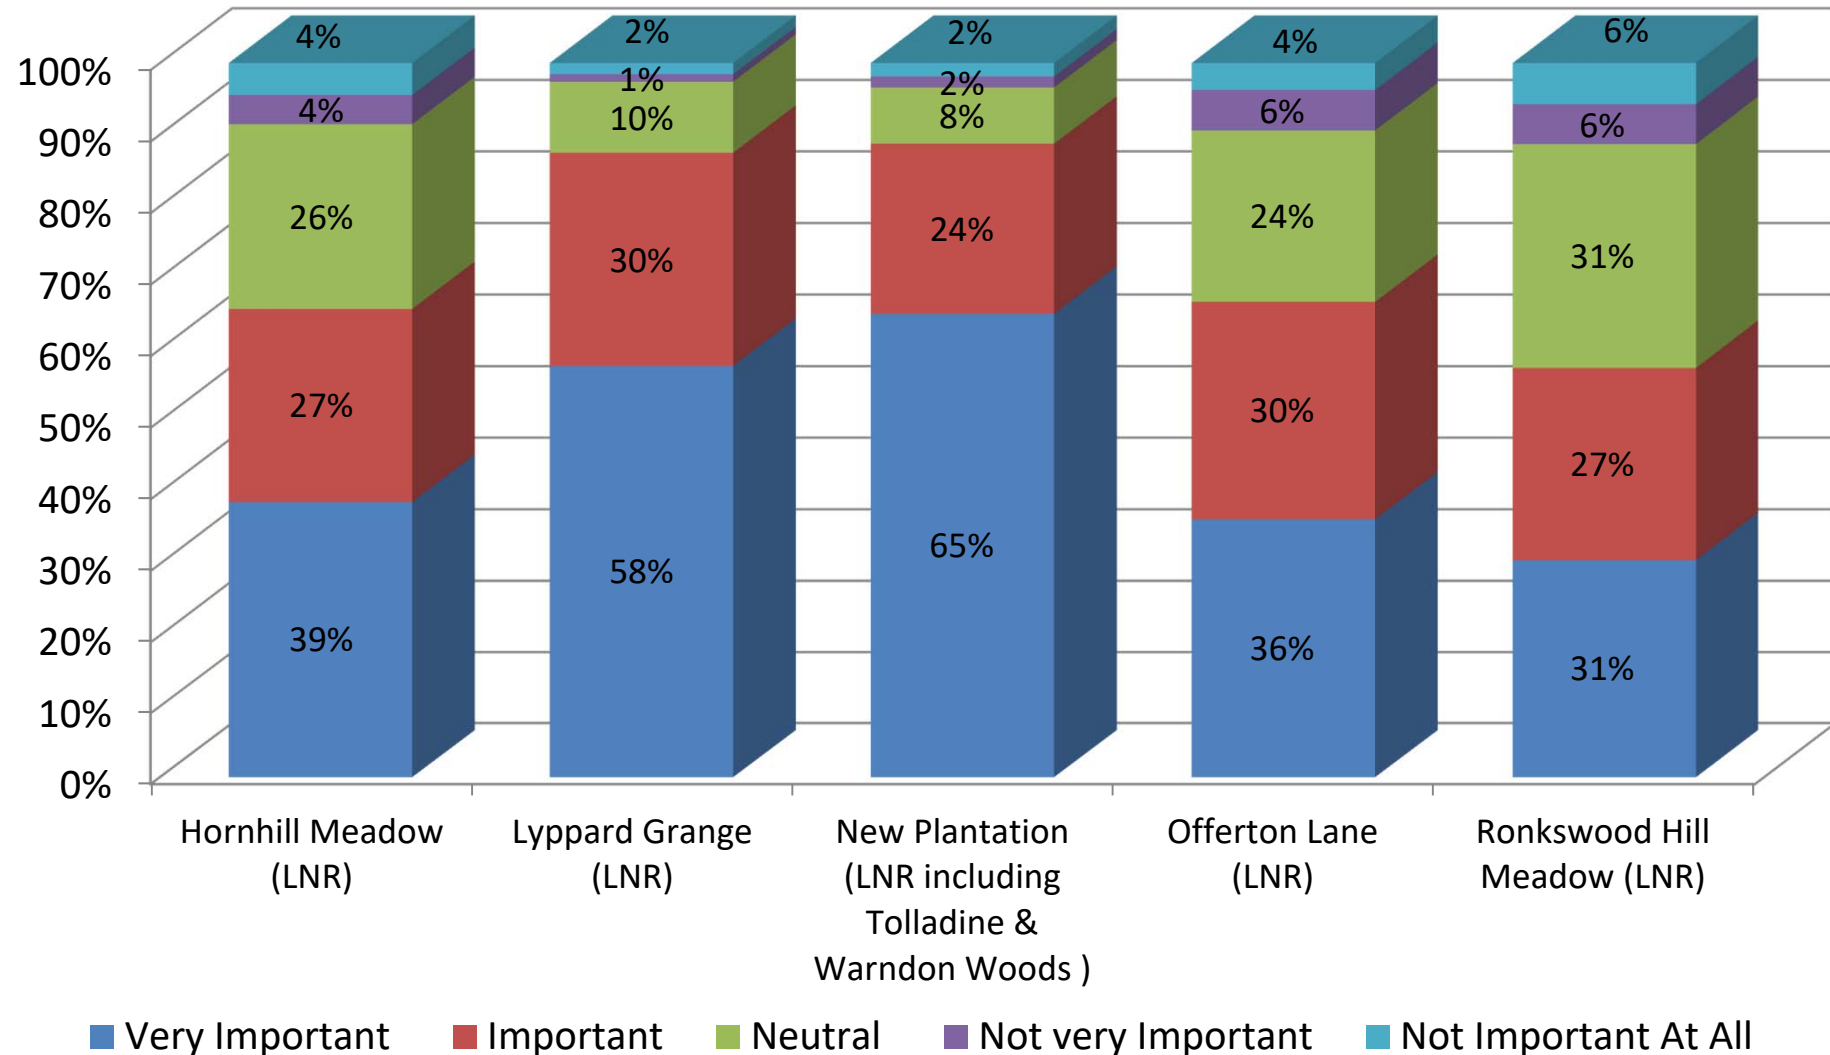

- Other also included friendly, family friendly, wildlife friendly, carbon free, crime free, good schools and lots of green space generally reiterating the top 5.

Natural Environment

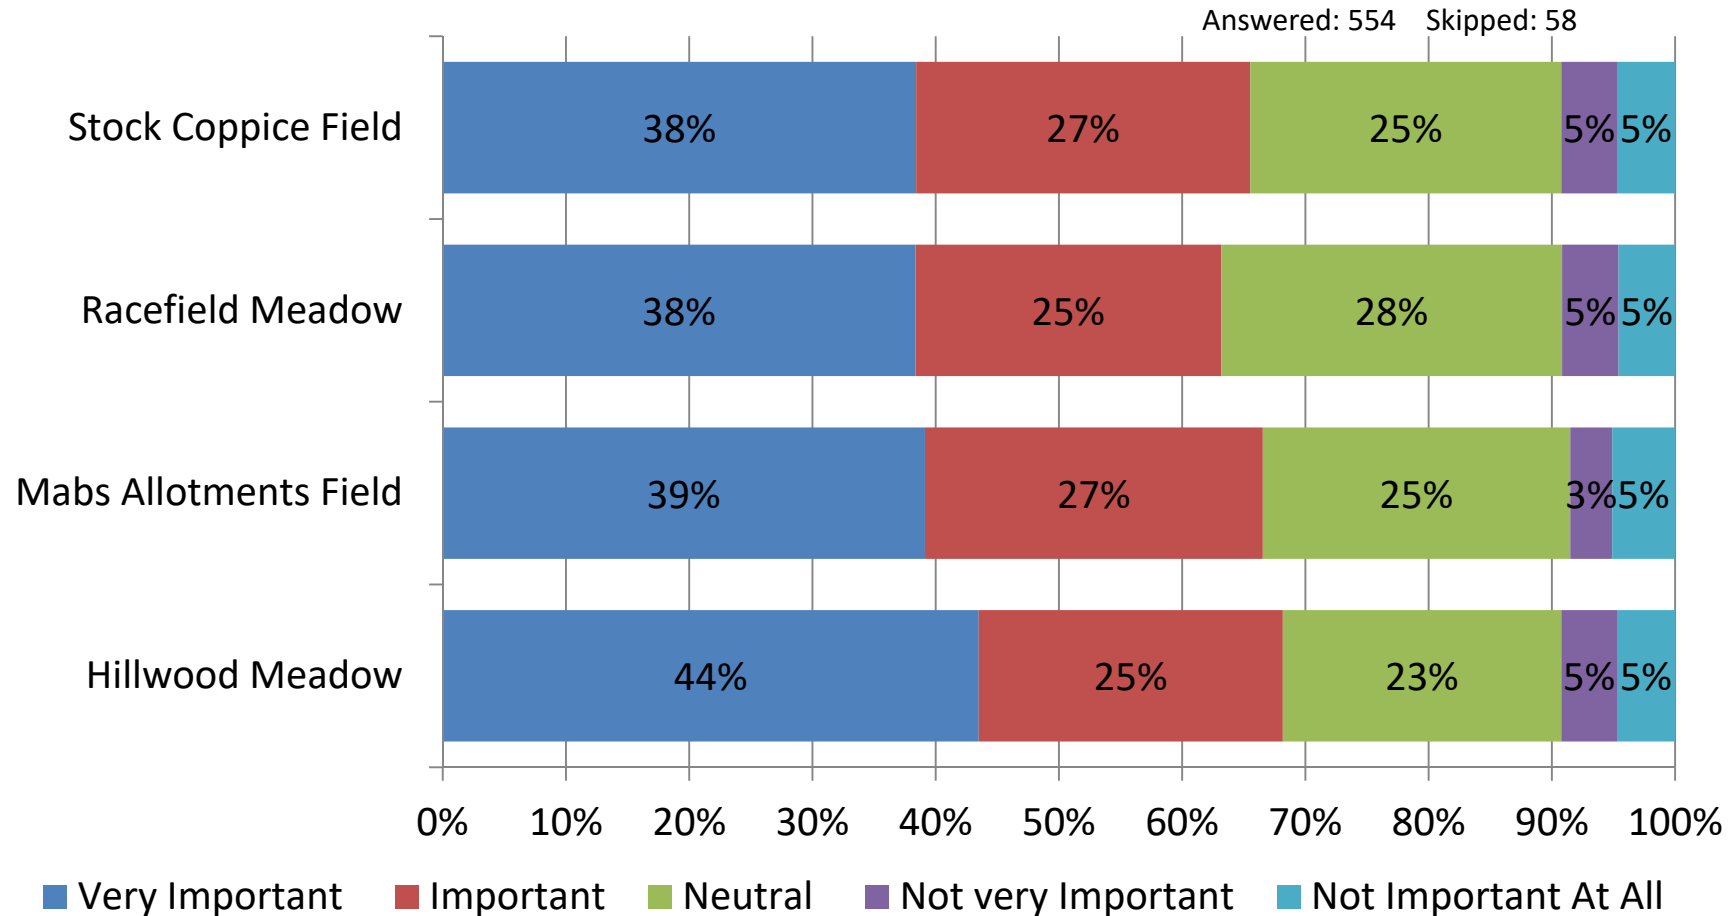

Q16. How important are the designated Nature Reserves to your household?

Answered: 598 Skipped: 14

- Overall support for all the Nature Reserves. Most supported are Lyppard Grange 88% consider important/ very important, and New Plantation 89% consider important/ very important

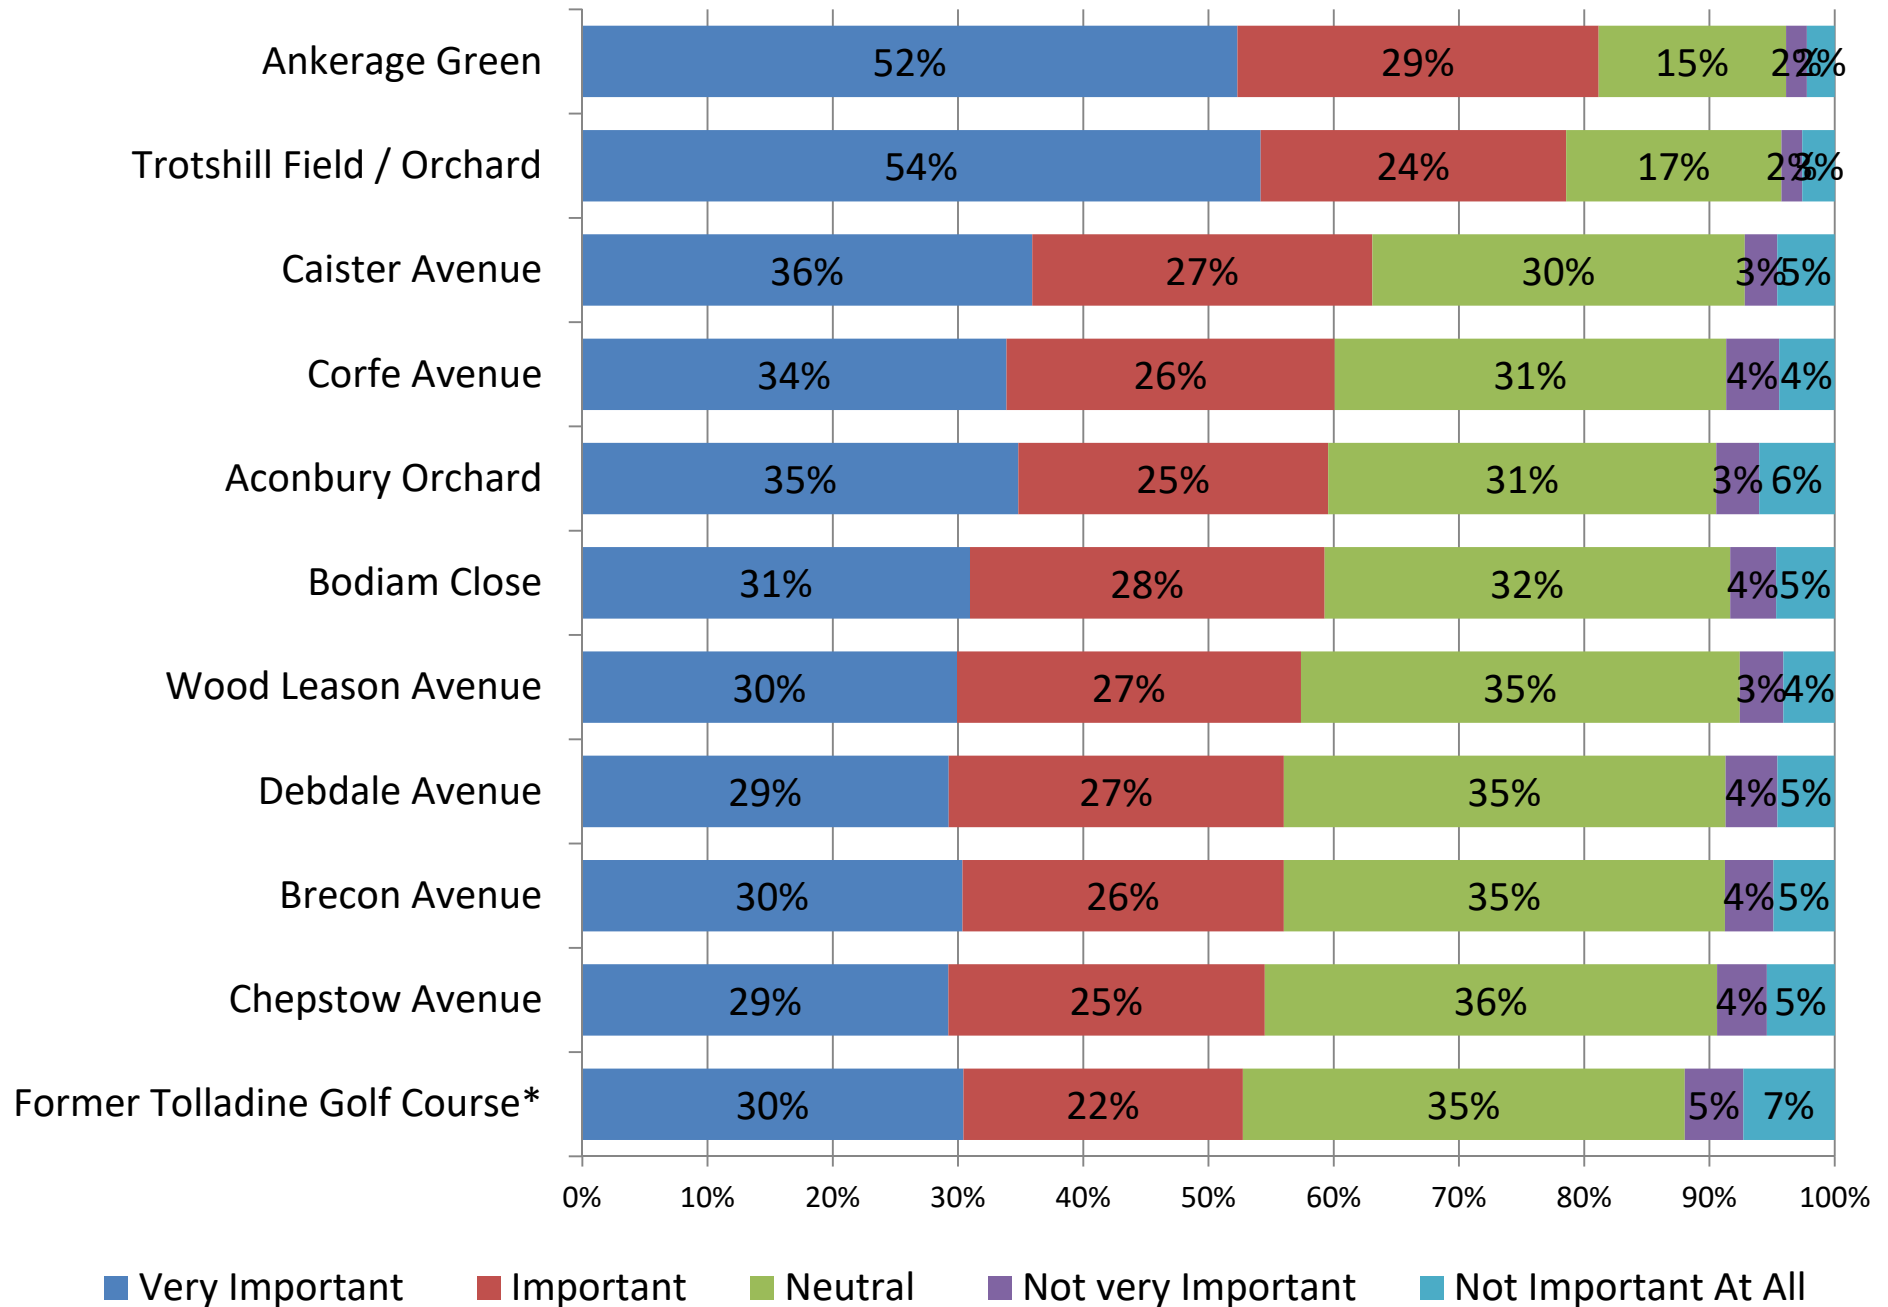

Q17.How important are the Public Open Spaces in the Significant Gap to your household.

- Hill Meadow considered to be most important to respondents 69% important/ very important
- Racefield Meadow the least of the 4 but still had 63% respondents stating important/ very important

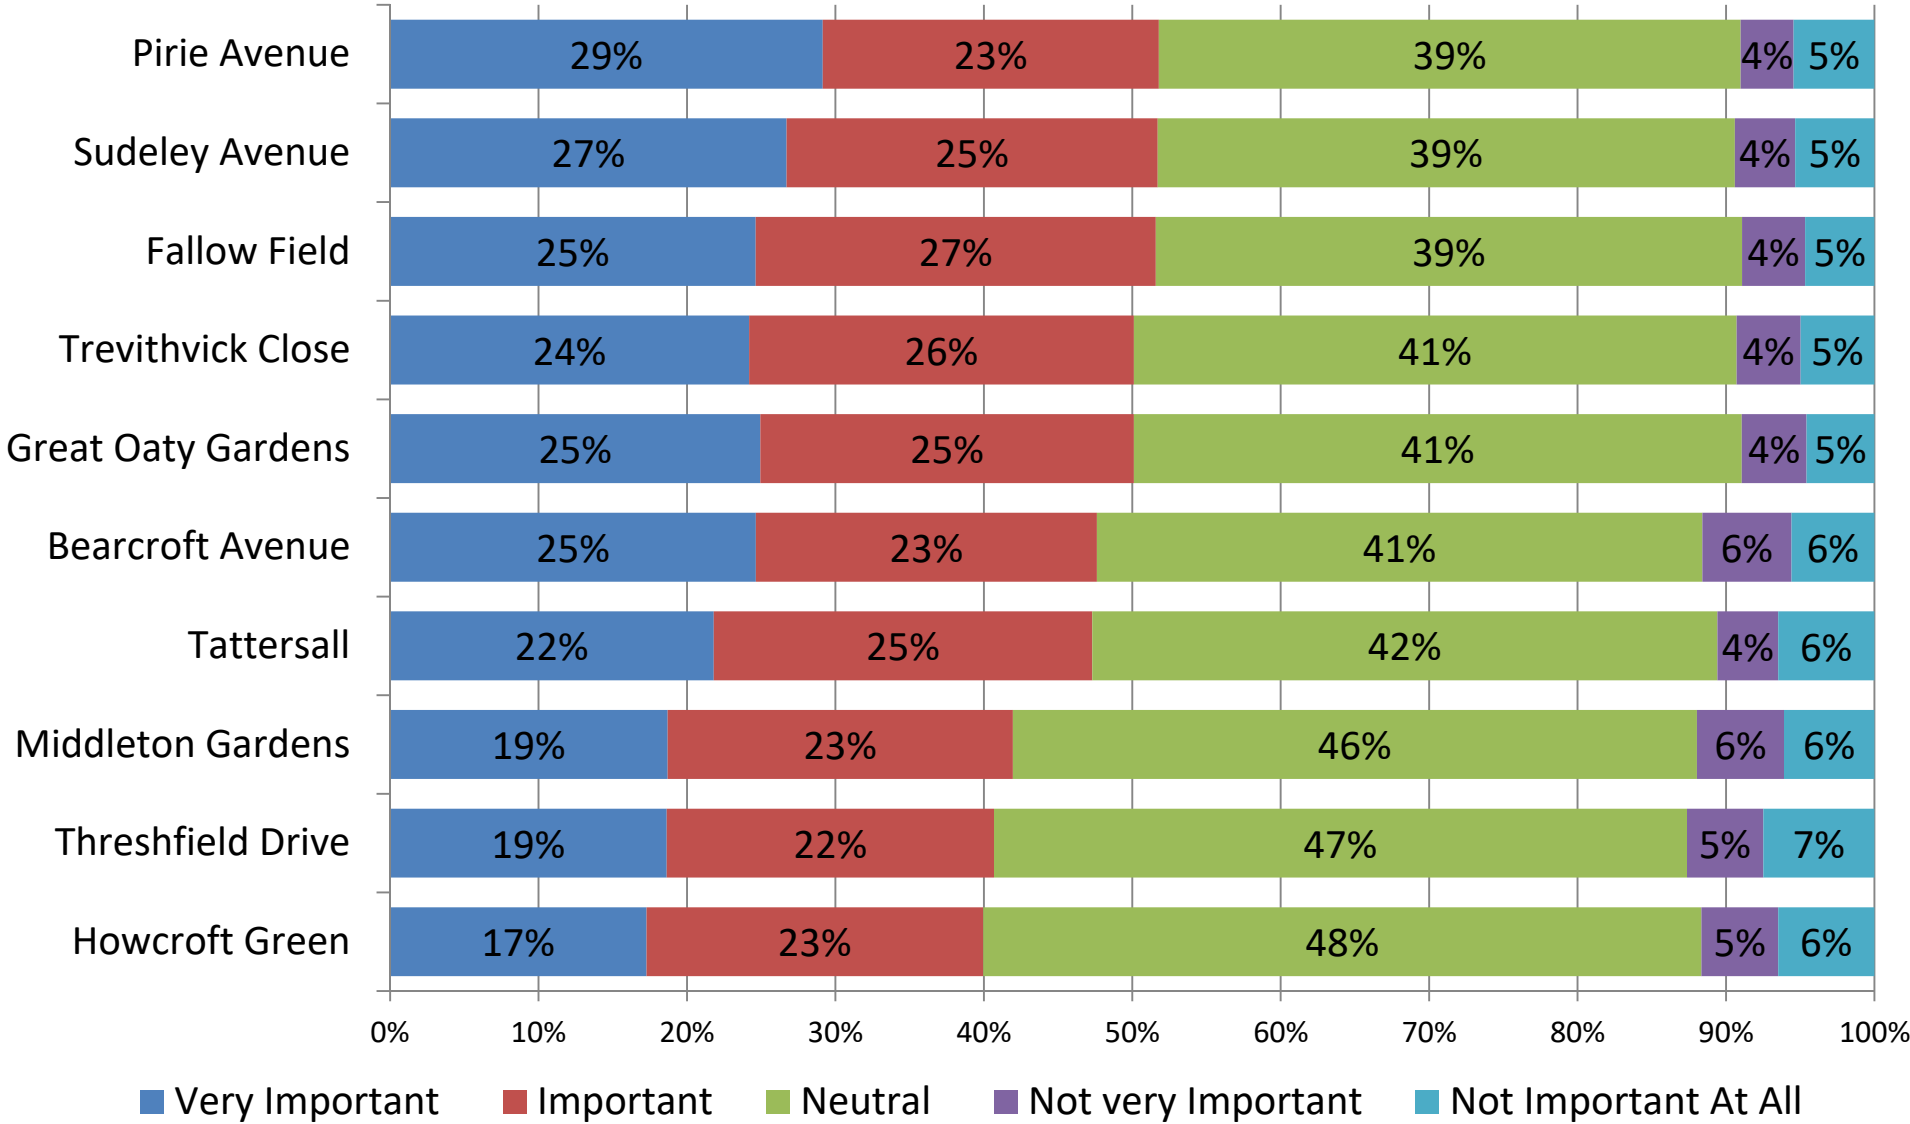

Q18. The importance of other Public Open Spaces.

Answered: 590
Skipped: 22

Q18. The importance of other Public Open Spaces cont.

Answered: 590
Skipped: 22

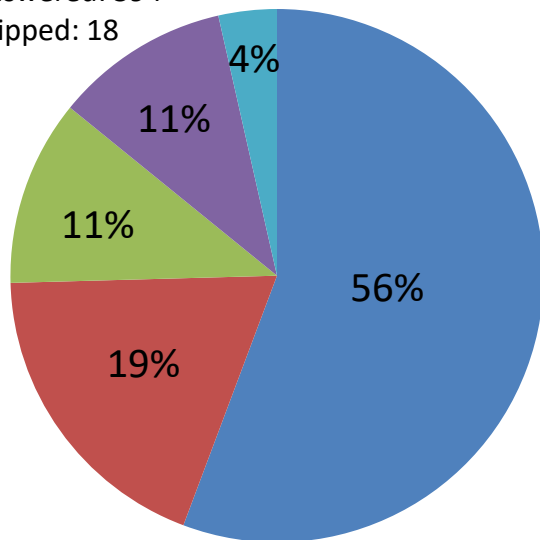

* Former Golf Course is in private ownership

- Generally Public Open Space is considered to be important to the majority of households. The most supported locations are Ankerage Green and Trotshill Field/ Orchard.
- The locations have been ranked in order of importance and it is clear from Pirie Avenue down that the percentage of people who are neutral about these spaces increases, suggesting that people may not be as familiar with these areas. Some analysis into where those that are selecting neutral live may give an insight into this answer, e.g. they may not live close to this open space.
- In terms of the number of people selecting that open spaces are not important to their household this is consistently very low for all of the sites.

Q19. How often green spaces from Q16 to 18 are visited

Answered: 594
Skipped: 18

- Frequently (daily/weekly)
- Regularly (fortnightly)
- Less often (monthly)
- Infrequently (few times a year)
- Never

- The community use green spaces throughout the parish on a very regular basis. More than half of respondents use green space daily or weekly.
- Only 11% use green space infrequently and 4% (21 people never use green space)

Q20. Suggested improvements to access and condition of Green Spaces

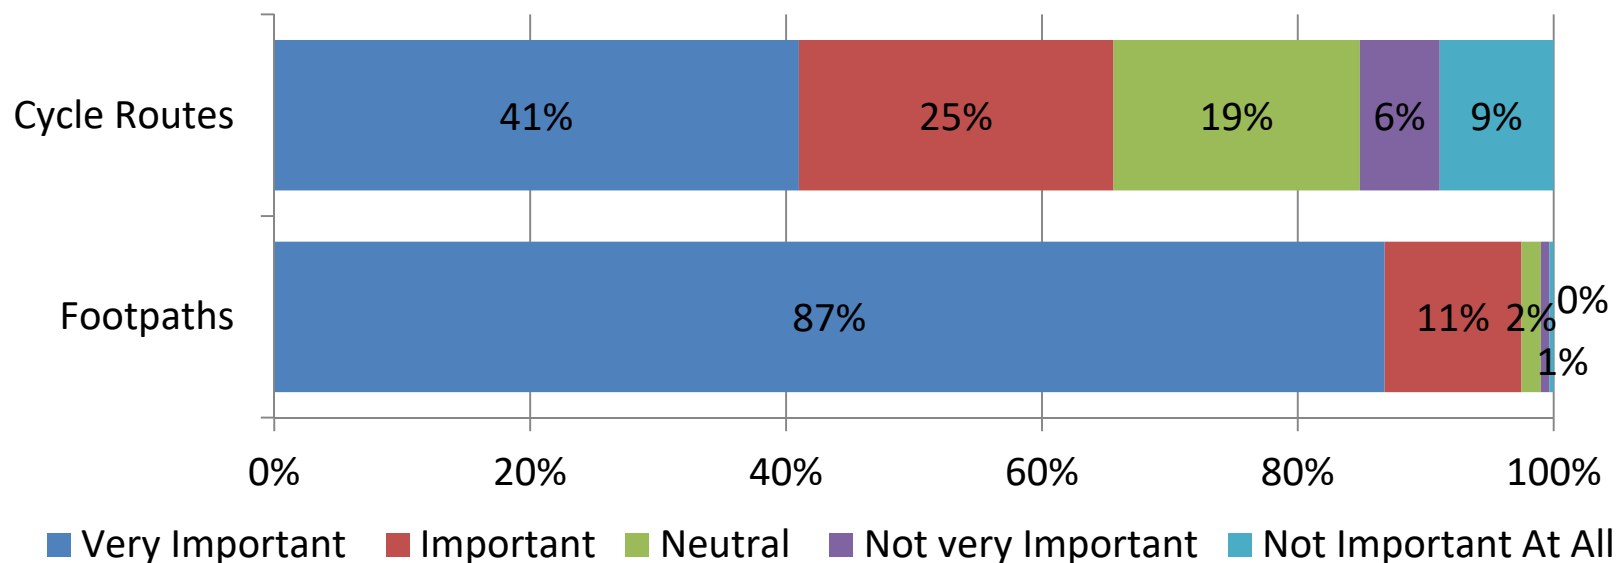

Answered: 224 Skipped: 388

Main issues : *(full list to be provided separately)*

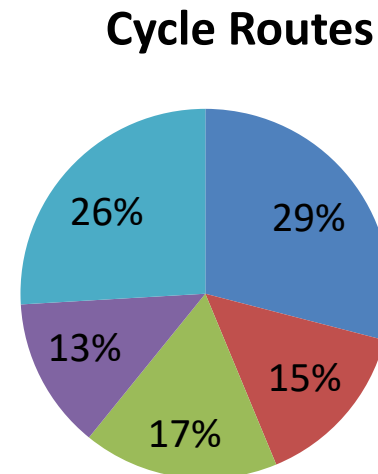

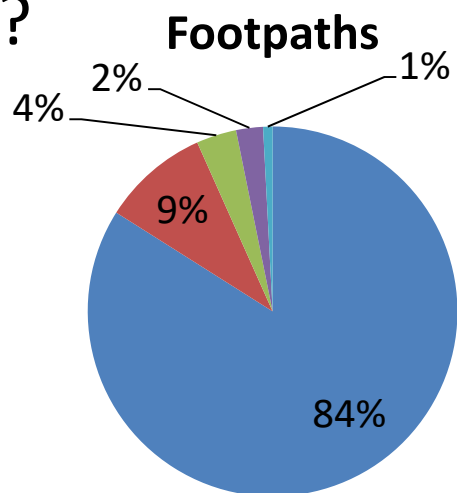

- Maintenance. Improve maintenance of play equipment, astro turf, footpaths, hedges, trees, shrubs and ponds. This will encourage more people to use the facilities and enable easier and safer access.
- Install new play equipment e.g. at Barley Crescent, Long Meadow and Tolladine and swings at Debdale Avenue. Benches at regular intervals.
- Litter and Dog Bins. Increase the number of both of these bins and the frequency of collections.
- Safety. Install lighting, CCTV, and cut back trees / hedges to allow surveillance. Concern over anti-social behaviour and broken glass. Install gates on children's play areas.
- Access. Improve access to facilities ensure there is disabled access. Clear access and paths of overgrown shrubs/ hedges and concern over slipping particularly in the Autumn. Increase signage of footpaths and install maps. Install crossing points e.g. A4440.

Q21. How important are footpaths and cycle routes to your household?

Answered: 601 Skipped: 11

Q22. How often do households use footpaths and cycle routes?

Answered: 601 Skipped: 11

- Footpaths and cycle routes are very important to residents and are extremely well used.
- 98% of respondents considered footpaths to be important / very important to their household.
- 66% of respondents considered cycle routes to be important / very important to their household.
- Only 1% never used the footpaths (5 households).
- Just over a quarter of households never use cycle routes.

Q23. Suggested improvements to access and condition of footpath and cycle routes

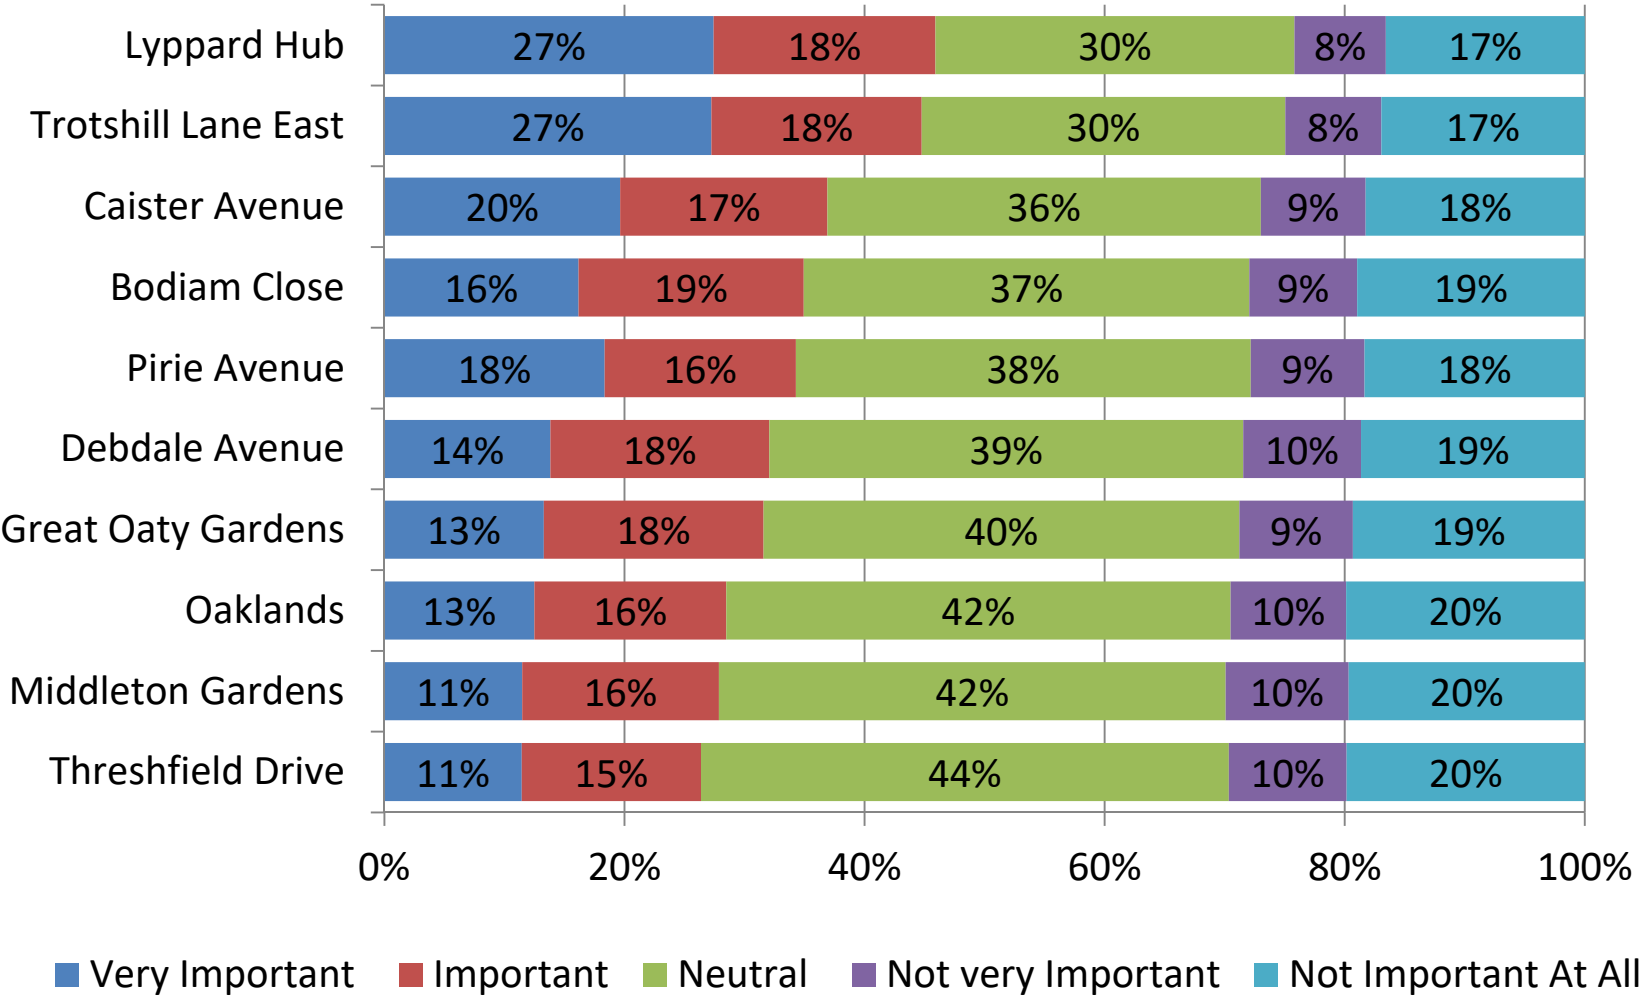

Answered: 256 Skipped: 356

Main issues : *(full list to be provided separately)*

- Maintenance. Improve surfacing, improve maintenance of hedges/ trees and shrubs, remove broken glass.
- Safety. Install lighting.
- Access. Install wider gates for bikes / wheelchairs and crossing points. Improve signage.
- Shared use. Make clear which user the path is for e.g. use coloured footways, or others suggest shared use and introducing a cycle speed limit.

Q24. How important are play areas to your household?

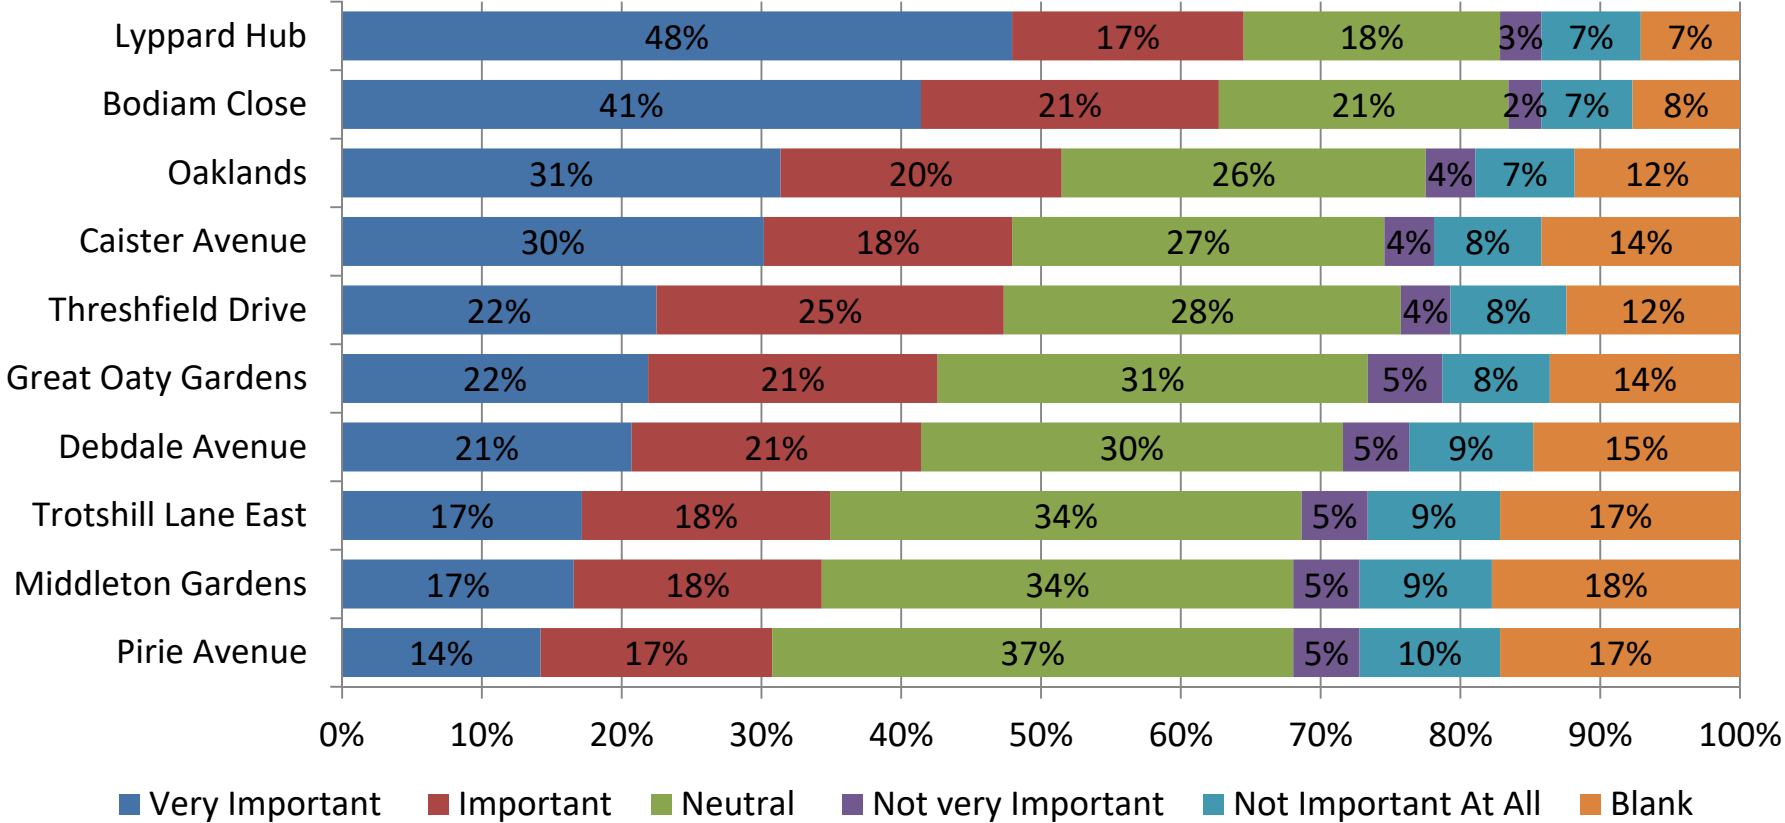

Answered: 594 Skipped: 18

- The overall results for this are lower than other green spaces reflecting the fact they are target toward specific age groups, therefore they are more popular with households with children or potentially grandparents.

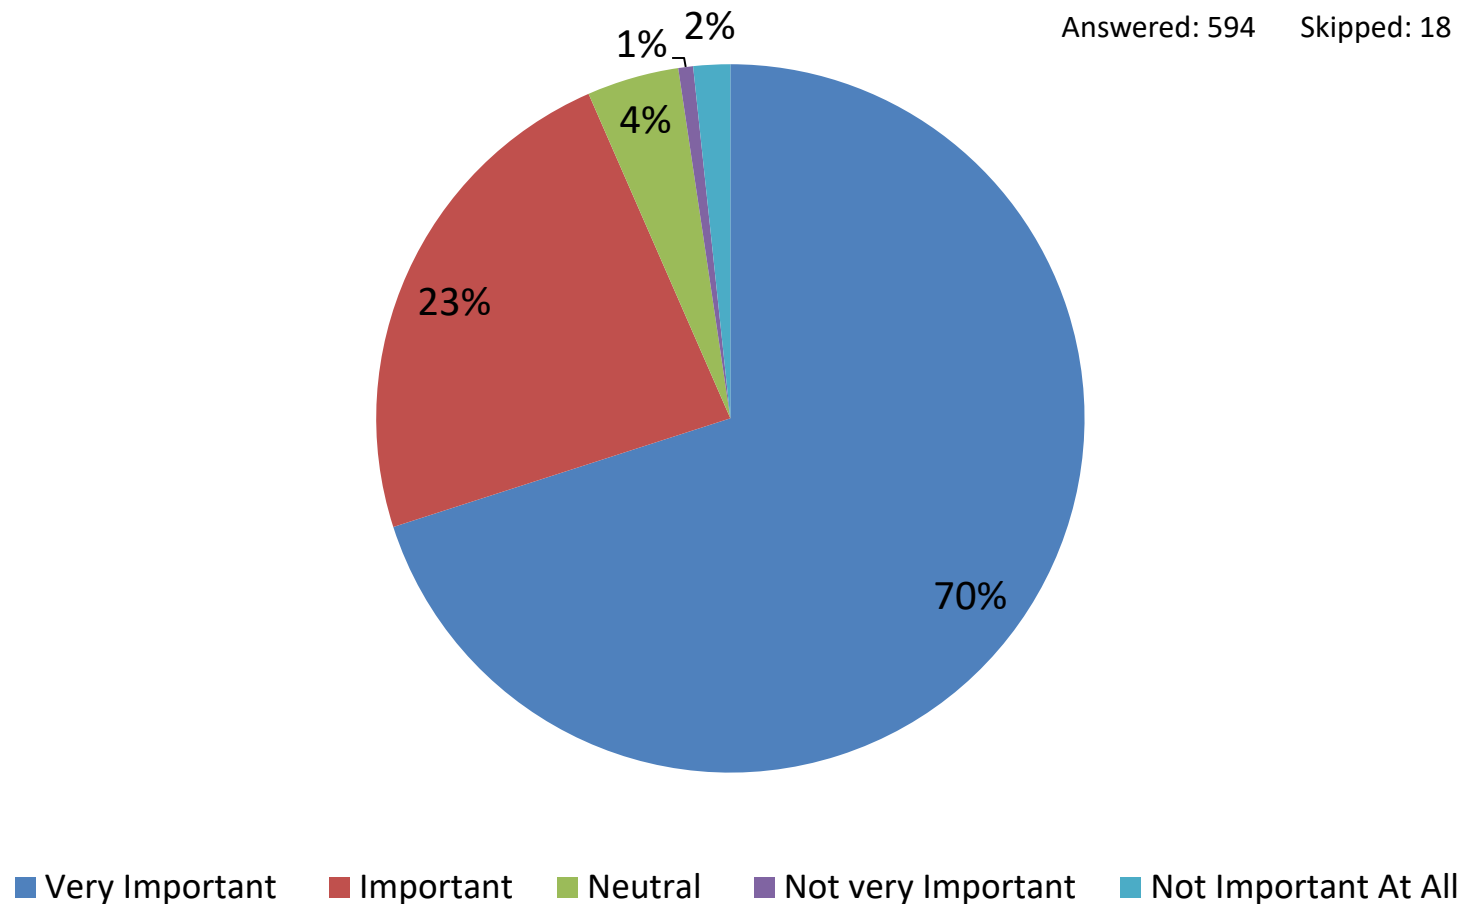

Responses from households with children aged 0-18.

Answered: 169 Skipped: 18

- Higher overall level of importance with this group . Lyppard Hub, Bodiam Close and Oaklands are most popular with families.
- It is apparent that some people have just one or two play areas that are more important to them, most likely those close to their home / or on routes they take through the parish.

Q25. How important are play areas to the community in general?

- Far higher level of support for Play Areas generally in the community. 93 % see them as an important / very important facility.

Q26. Suggestions to improve access to or the condition of Play

(full list to be provided separately)

Areas. Answered: 178 Skipped: 434

- Improve maintenance and replace old equipment – ensure regular checks
 - Astro pitch needs replacing/ repairing
 - Some equipment has been removed replace with new e.g. Great Oaty Gardens
- Improve range of play equipment for different ages including young (slides, swings, built in trampoline), 10+ (MUGA, ball games), youth (benches, coverage, basketball hoops, skate ramps) and adult fitness equipment
- Provide seating areas for parents
- Improve safety: CCTV / lighting/ clear glass/ Bodiam remove central hedge to give greater visibility
- Add signage on how to report a problem online/phone
- More litter and dog bins that are emptied more frequently
- Improve/clean the pond by Lyppard Grange Area

Q26. Cont.

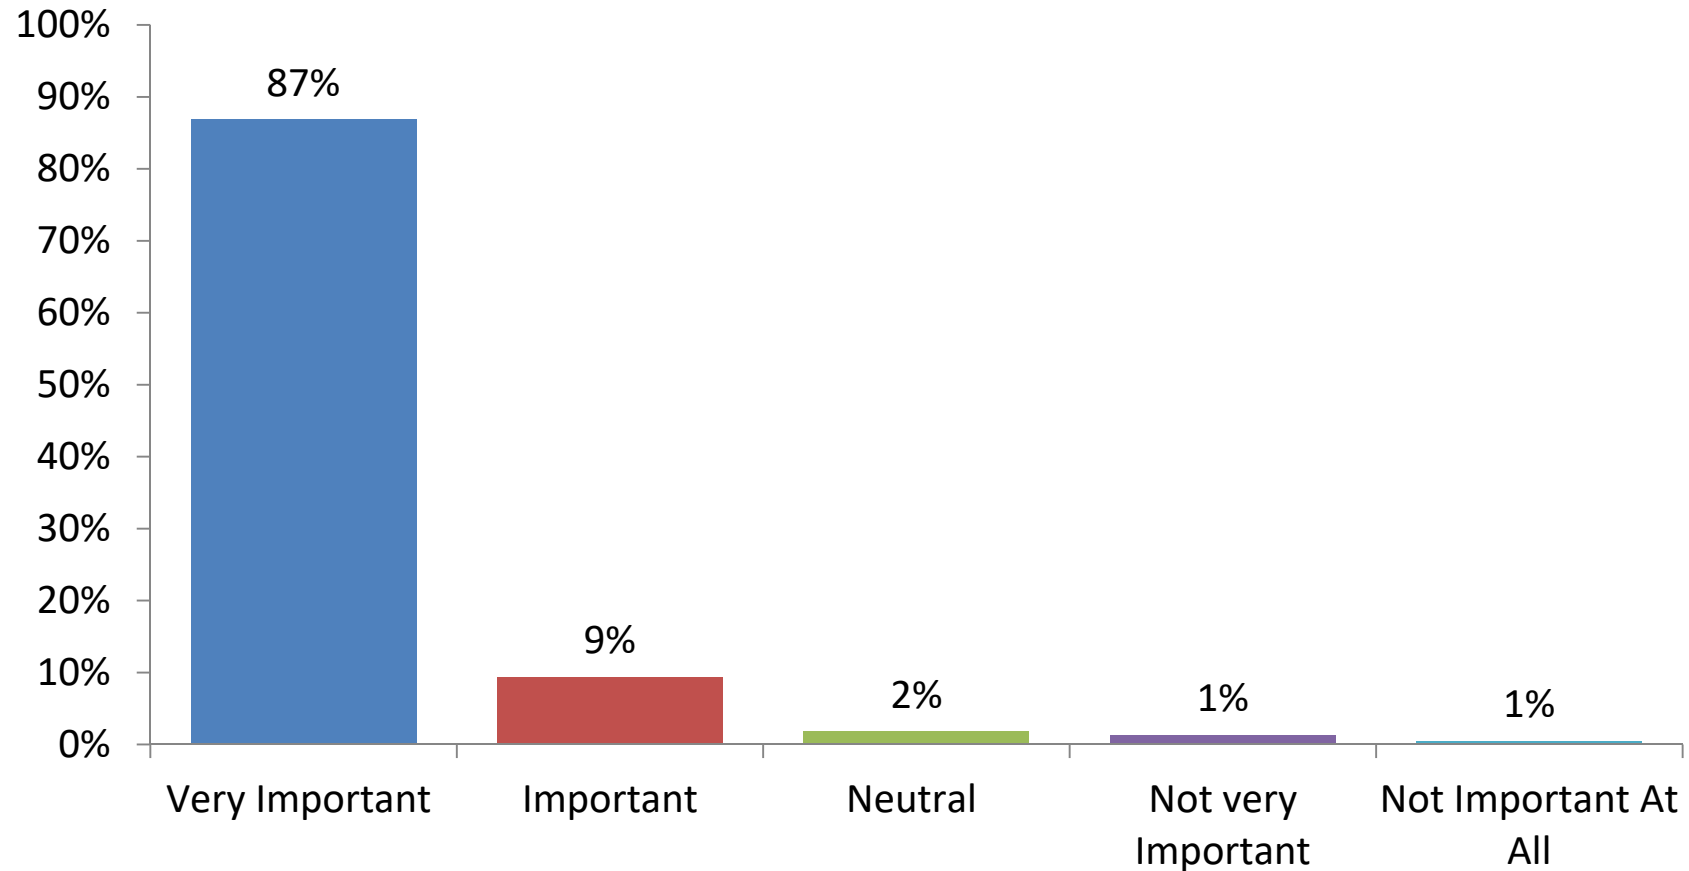

- Ensure access and visibility is maintained by cutting hedgerows and maintaining footpaths
- Gates on Corfe play area to keep children safe and dogs out
- More patrols from police and community support officers
- Install speed limit 20mph & children warning signs on main roads near play areas

Main Issues / concerns

- Anti-social behaviour
- Vandalism
- Litter, including broken glass
- Safety
- Smoking at Lyppard Hub area
- Dog fouling
- Loss of Play Areas
- Maintenance

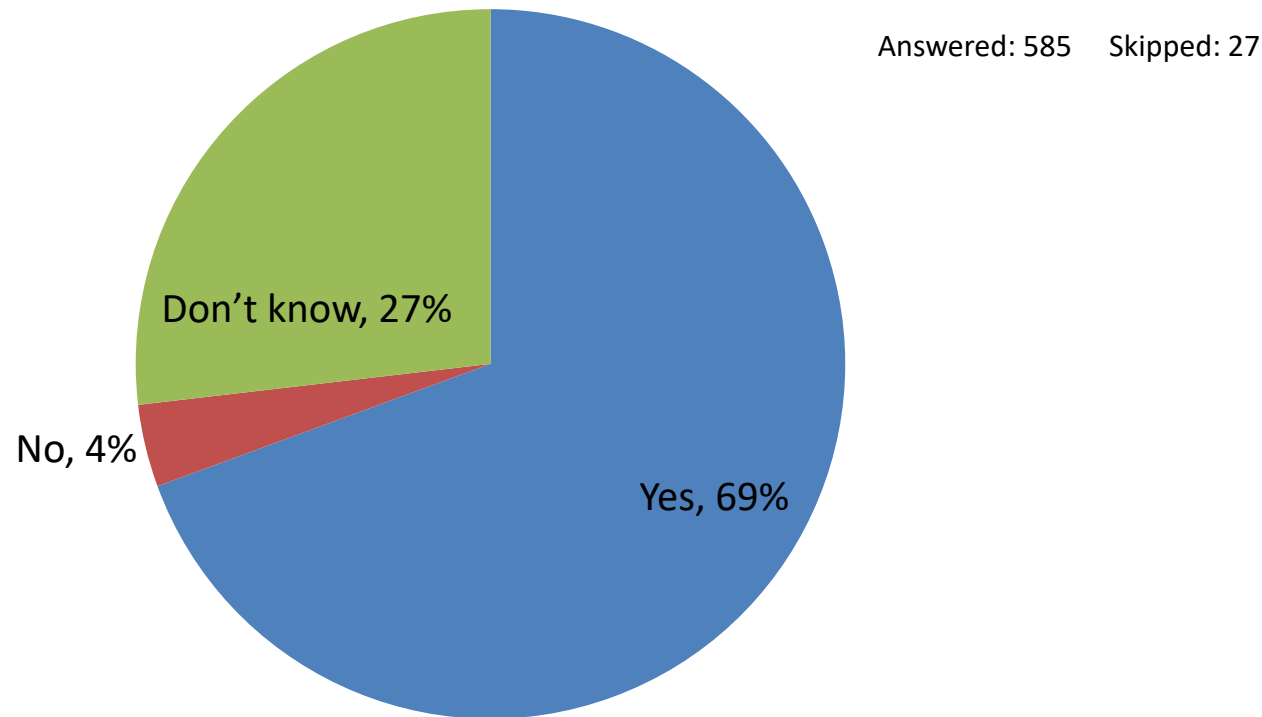

Q27. How important do you think the Significant Gap is to the character and setting of the parish?

Answered: 593 Skipped: 19

- Only 3 people stated it wasn't important at all and 8 people stated not very important.
- 571 see it as important / very important – huge majority.

Q28. Do you think the Neighbourhood Plan should allocate land as Local green Space?

- A quarter of respondents don't know and some do suggest in the comment box that this should be decided by those with more knowledge
- However there is strong majority of people who support the designation of Local Green Space providing a mandate for the Plan.
- 299 households make comments about the land that should be designated as Local Green Space (summary overleaf).

Q28. Cont. Local green Space suggestions:

Significant numbers stated **all green space (80)** or the **Significant Gap (103)**
other sites mentioned by name were:

- Aconbury Orchard
- Allotments
- Ancient Woodland
- Ankerage Green
- Bearcroft Avenue
- Berkeley Way
- Bluebell Wood
- Bodiam Close
- Brecon Avenue
- Caister Ave
- Chepstow Avenue
- Corfe Avenue
- Fields
- From Warndon Wood to Newtown Road
- Great Oaty Gardens
- Hillwood Meadow,
- Hornhill Meadows
- Knotts Ave
- Lyppard Hub
- Mabs Field
- Map 2
- Map 3
- Nature reserves
- New Plantation.
- Oaklands
- Offerton Lane
- orchard
- Overthwart Crescent
- Parsonage Way/Warndon Way.
- Play Areas
- Racefield Meadow
- Ronkswood Hill Meadows
- Significant Gap
- South of Warndon Wood (Area 4)
- Space between H& K
- St Nicholas Church

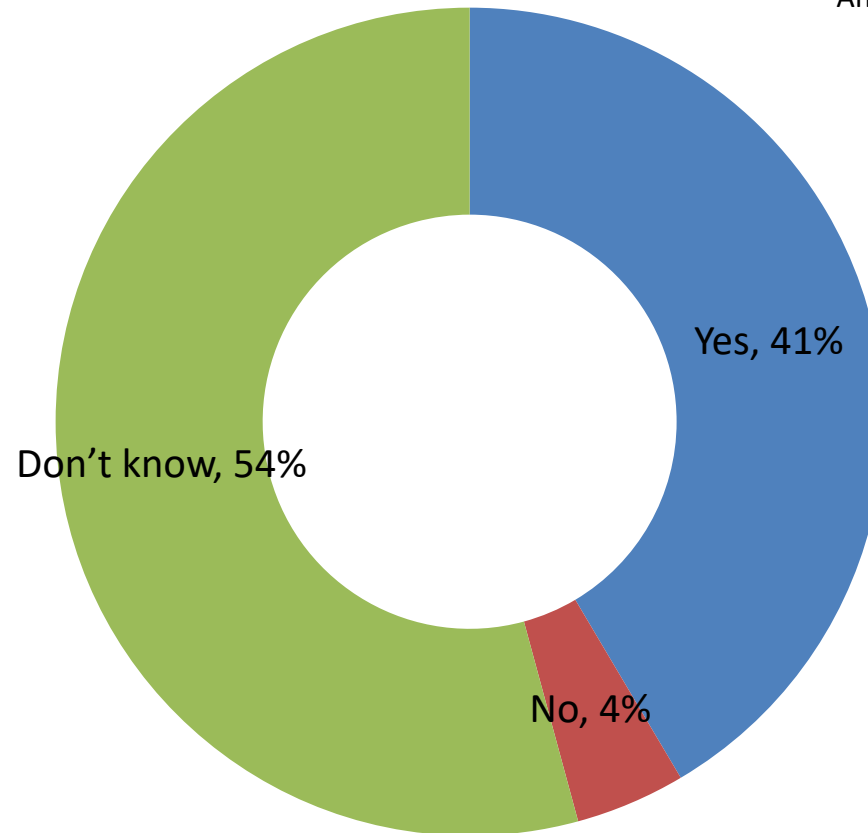

Q28. Cont. Local green Space suggestions:

- Stock Coppice Field
- Sudeley Avenue
- The field west of Worcester hospital
- Threshfield Drive
- Tolladine Golf Course
- Tolladine Woods
- Trotshill Orchard
- Trevithick Close
- Warndon Court
- Warndon Wood
- Wood Green
- Wood Leason Ave
- All Woodlands
- Worcester Woods
- Worcester Woods Business Park

Further assessment of sites against the Government criteria will help to confirm which sites should be allocated as Local Green Space

Q29. Do you think we should try to designate views in our Neighbourhood Plan?

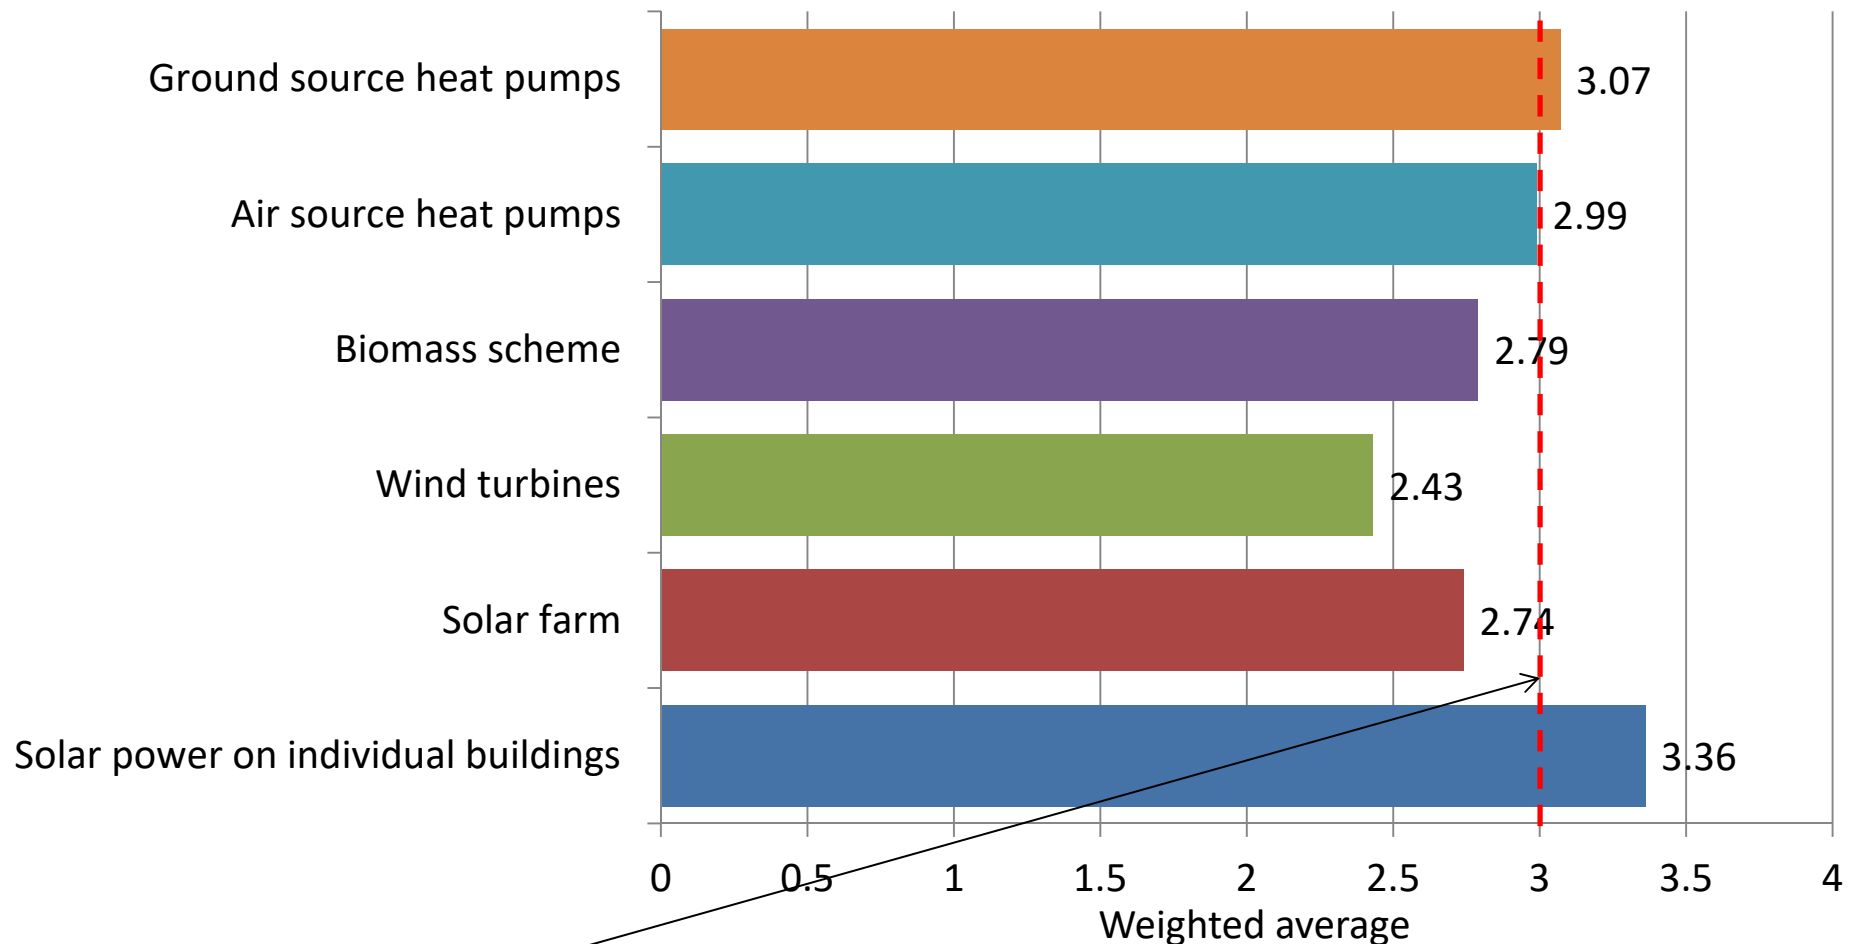

Answered: 581 Skipped: 31

- Over half of respondents don't know whether the Plan should designate any views and 4% say no.
- Therefore those that agree that views should be designated in the Plan are in the minority. There is not strong enough support to justify a policy on this matter. A list of views can be provided separately.

Q30. Should our Neighbourhood Plan support renewable energy generation?

Answered: 598 Skipped: 14

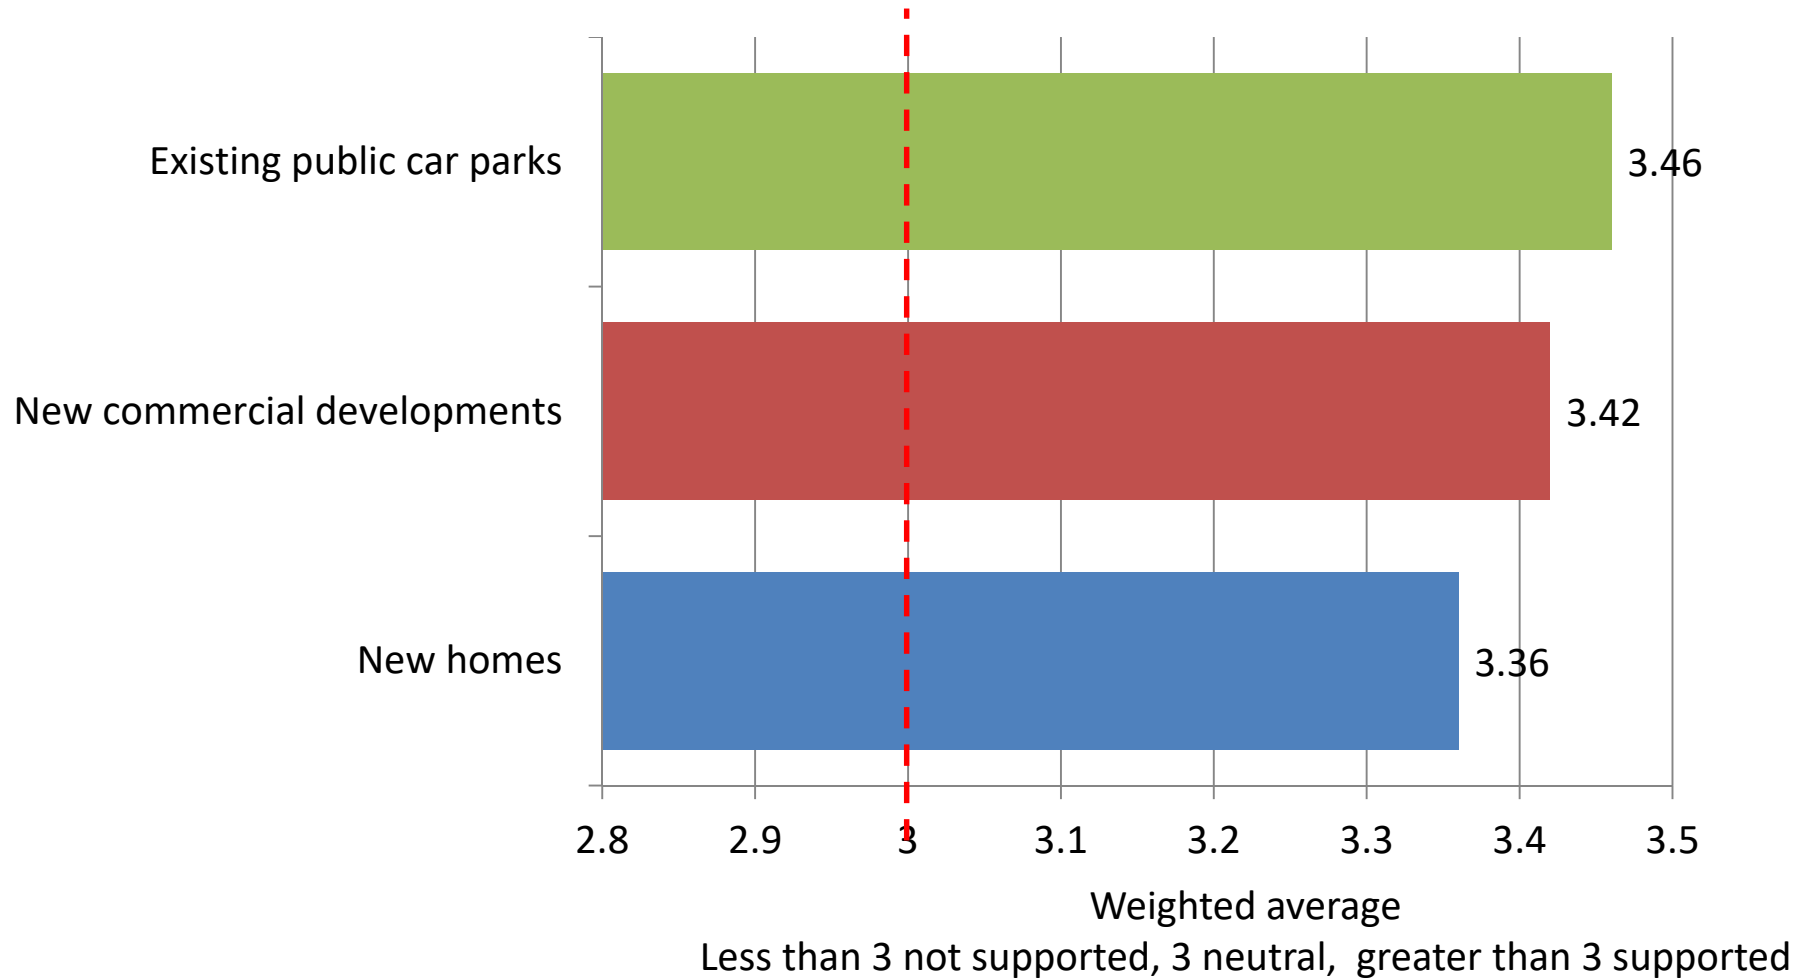

Less than 3 not supported, 3 neutral, greater than 3 supported

- Anything over 3 shows over all support for type of renewable energy.
- Wind turbines are not supported. Solar panels on individual buildings and ground source heat pumps are the most supported.

Q31. Do you support the installation of charging points in the following locations?

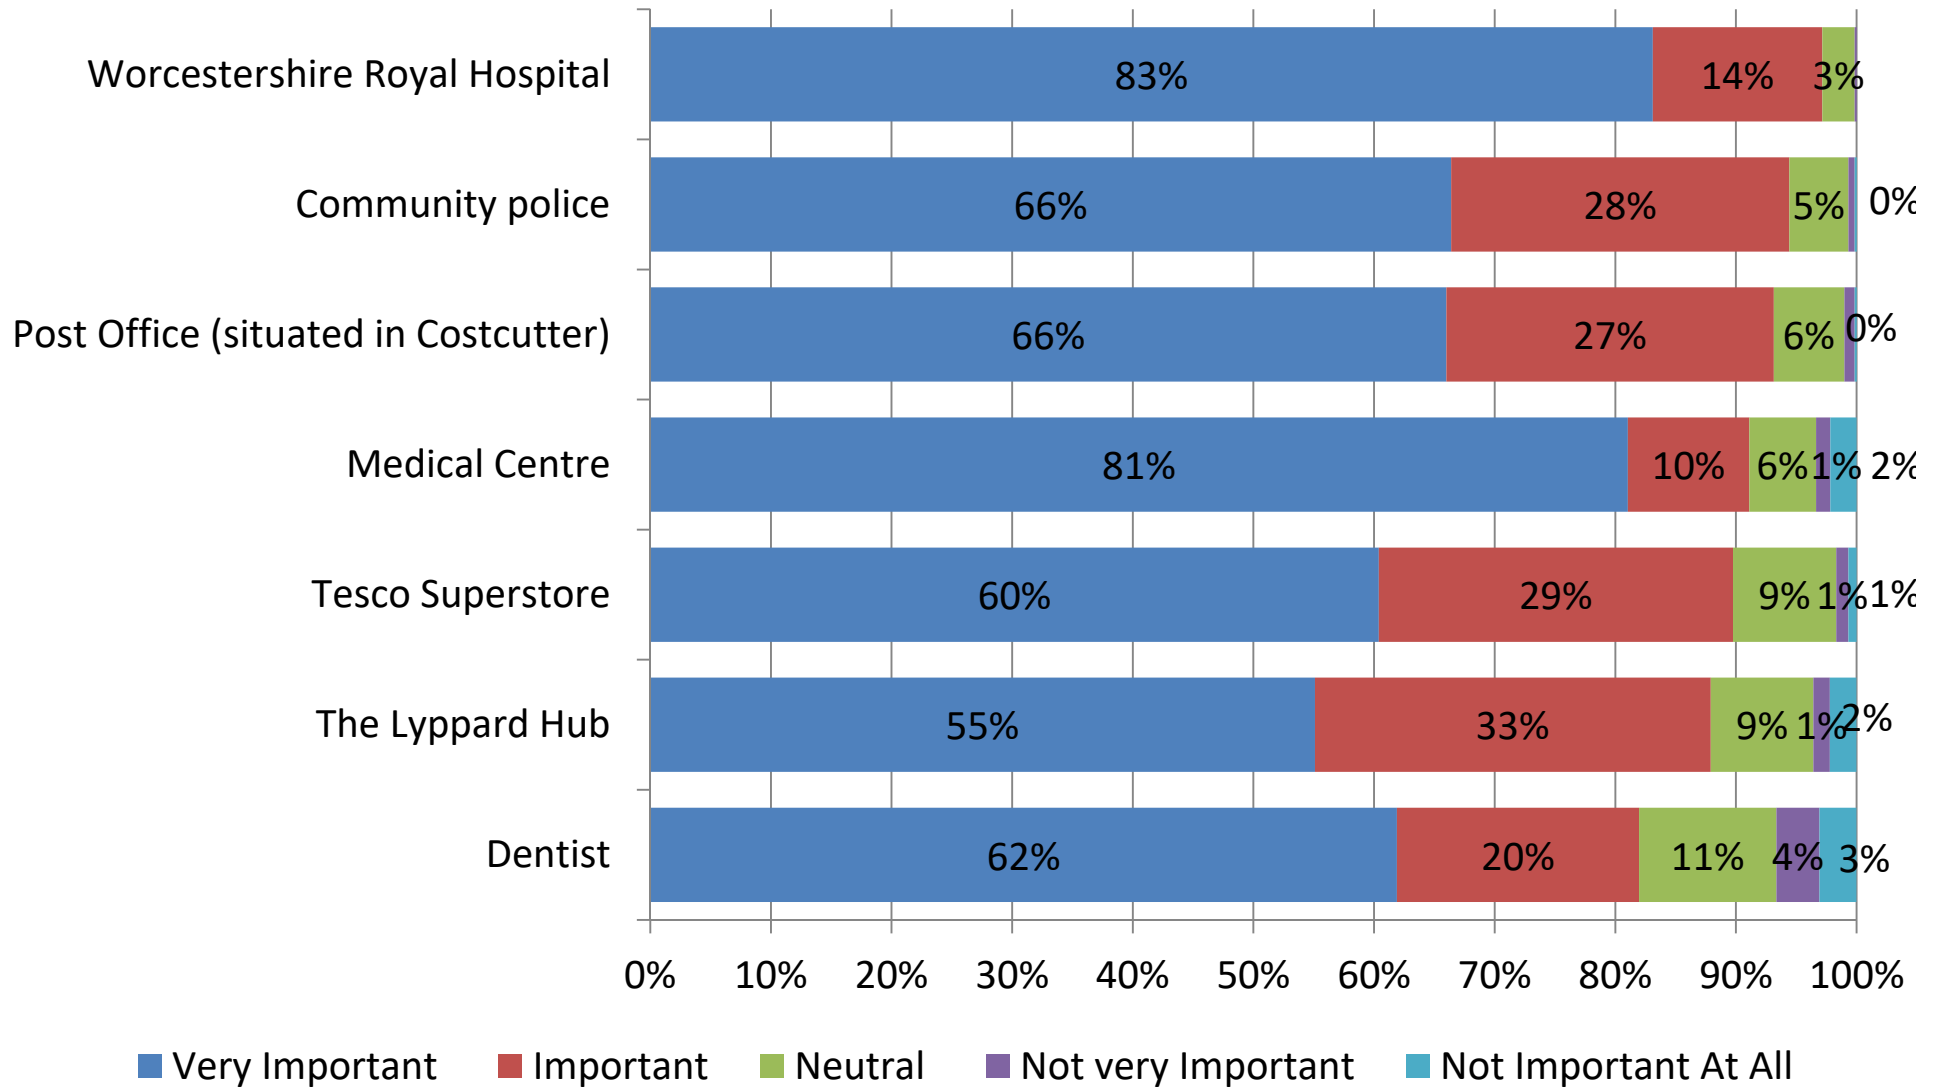

Answered: 600 Skipped: 12

- Anything over 3 shows over all support for installing charging points at these location. All locations are supported.

Q32. The importance of local facilities ranked 1 -7

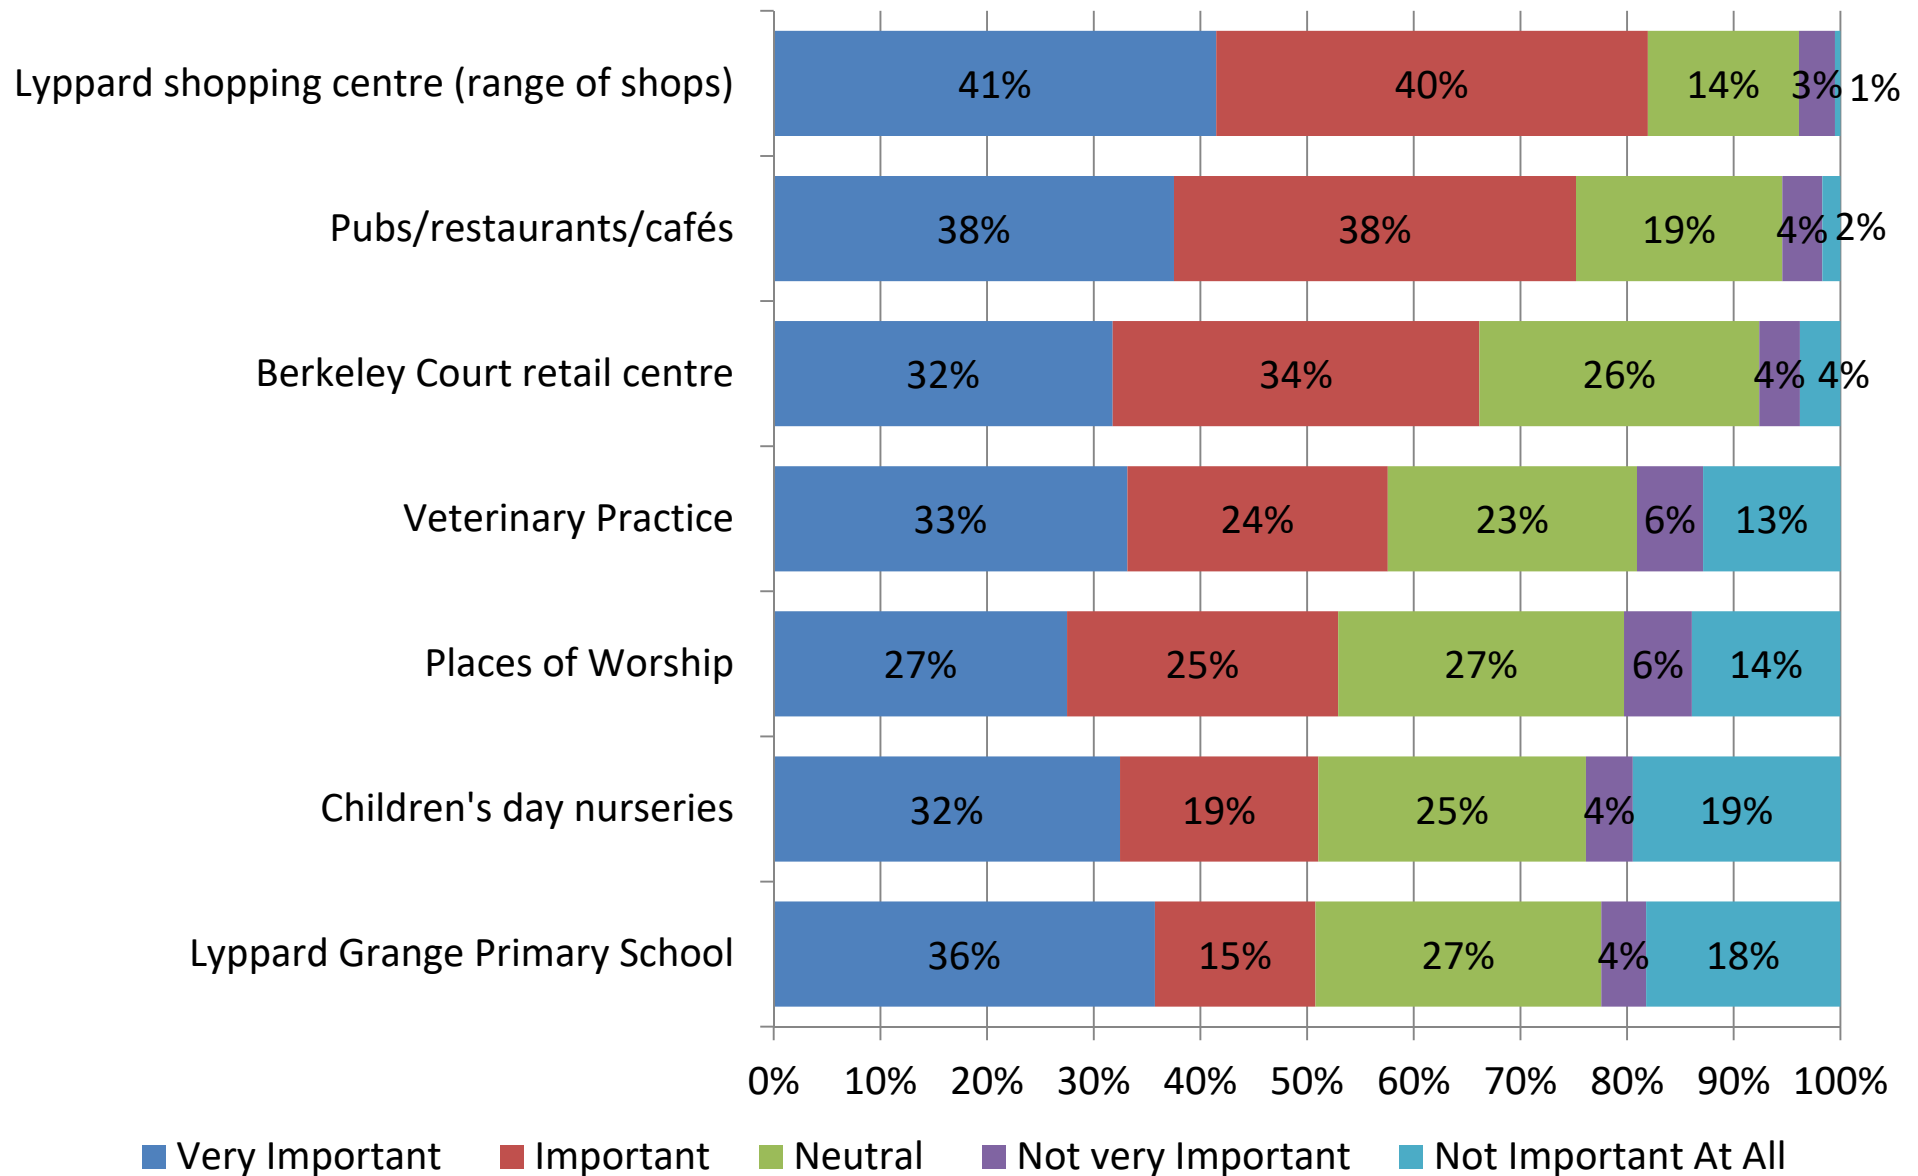

Answered: 602
Skipped: 10

- All of the facilities were considered to be important to the majority of households.

Built Environment

Q32. The importance of local facilities ranked 8-14

- Lower level of importance of primary school and nursery reflects the age of respondents and types of households.

Q33. Facilities and services, do we have enough are they the right type and in the right location. Your suggestions.

Answered: 340 Skipped: 272

The majority were very positive and felt there were enough services and facilities and that they were in accessible locations but there were some recurring suggestions:

- Independent shops e.g. butcher / baker / greengrocer / café / farm shop / chiropodist / optician / banking facilities
- New pub/ restaurant / cafés for daytime / Indian
- Indoor play option for children / mobile library/ youth centre
- Leisure facilities /expand or new Countryside/ environment centre
- Additional medical centre and dentist. Hospital needs expanding and parking needs to be resolved. 24 pharmacy
- Visible bus timetable and improved frequency of buses / services into Worcester / hail and ride / shuttle service
- Increase school capacity, expand existing or new primary school , new Secondary school
- Increase community police
- Too many fast food outlets and associated litter problems
- Community project to tackle loneliness
- A few suggest out of town retail park whilst more state no retail park and satisfied with provision

Q34. Are there any buildings in the parish that you think should be listed? Your suggestions.

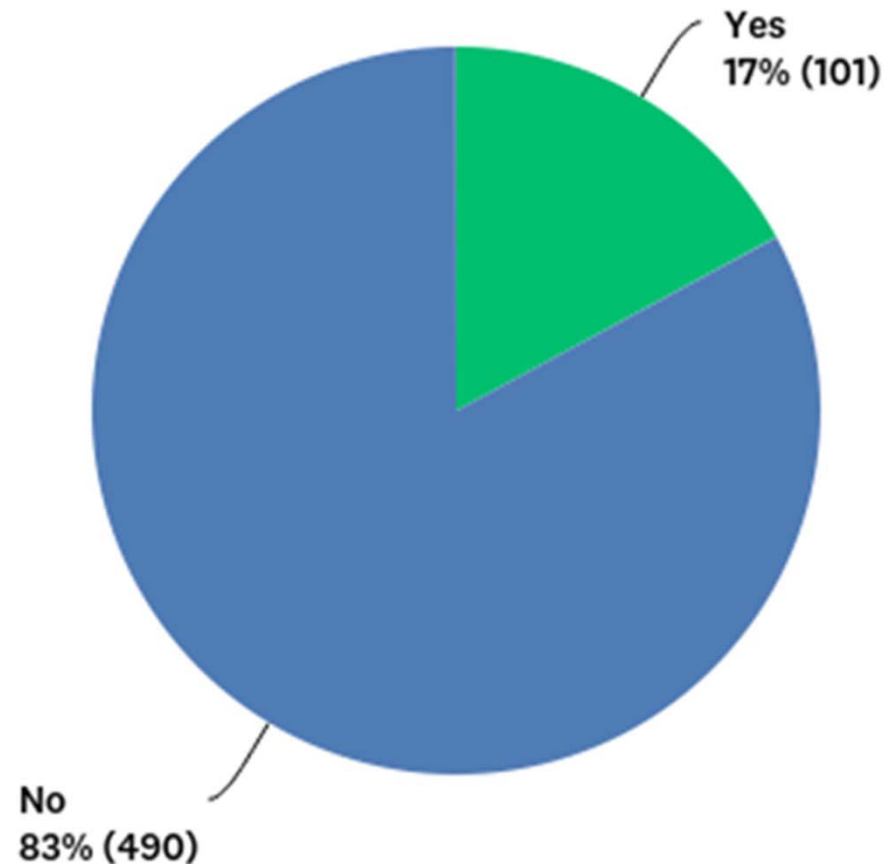

Answered: 121 Skipped: 491

- St Nicholas's Church
- Old Parsonage
- "Old Barn" adjacent to the council allotments
- Black and white cottage behind nursery off Trotshill Lane
- Cottages on Trotshill Lane West
- Barn Owl Pub
- Severn Veterinary
- The old house near Woodgreen Nursery

Employment in the Parish

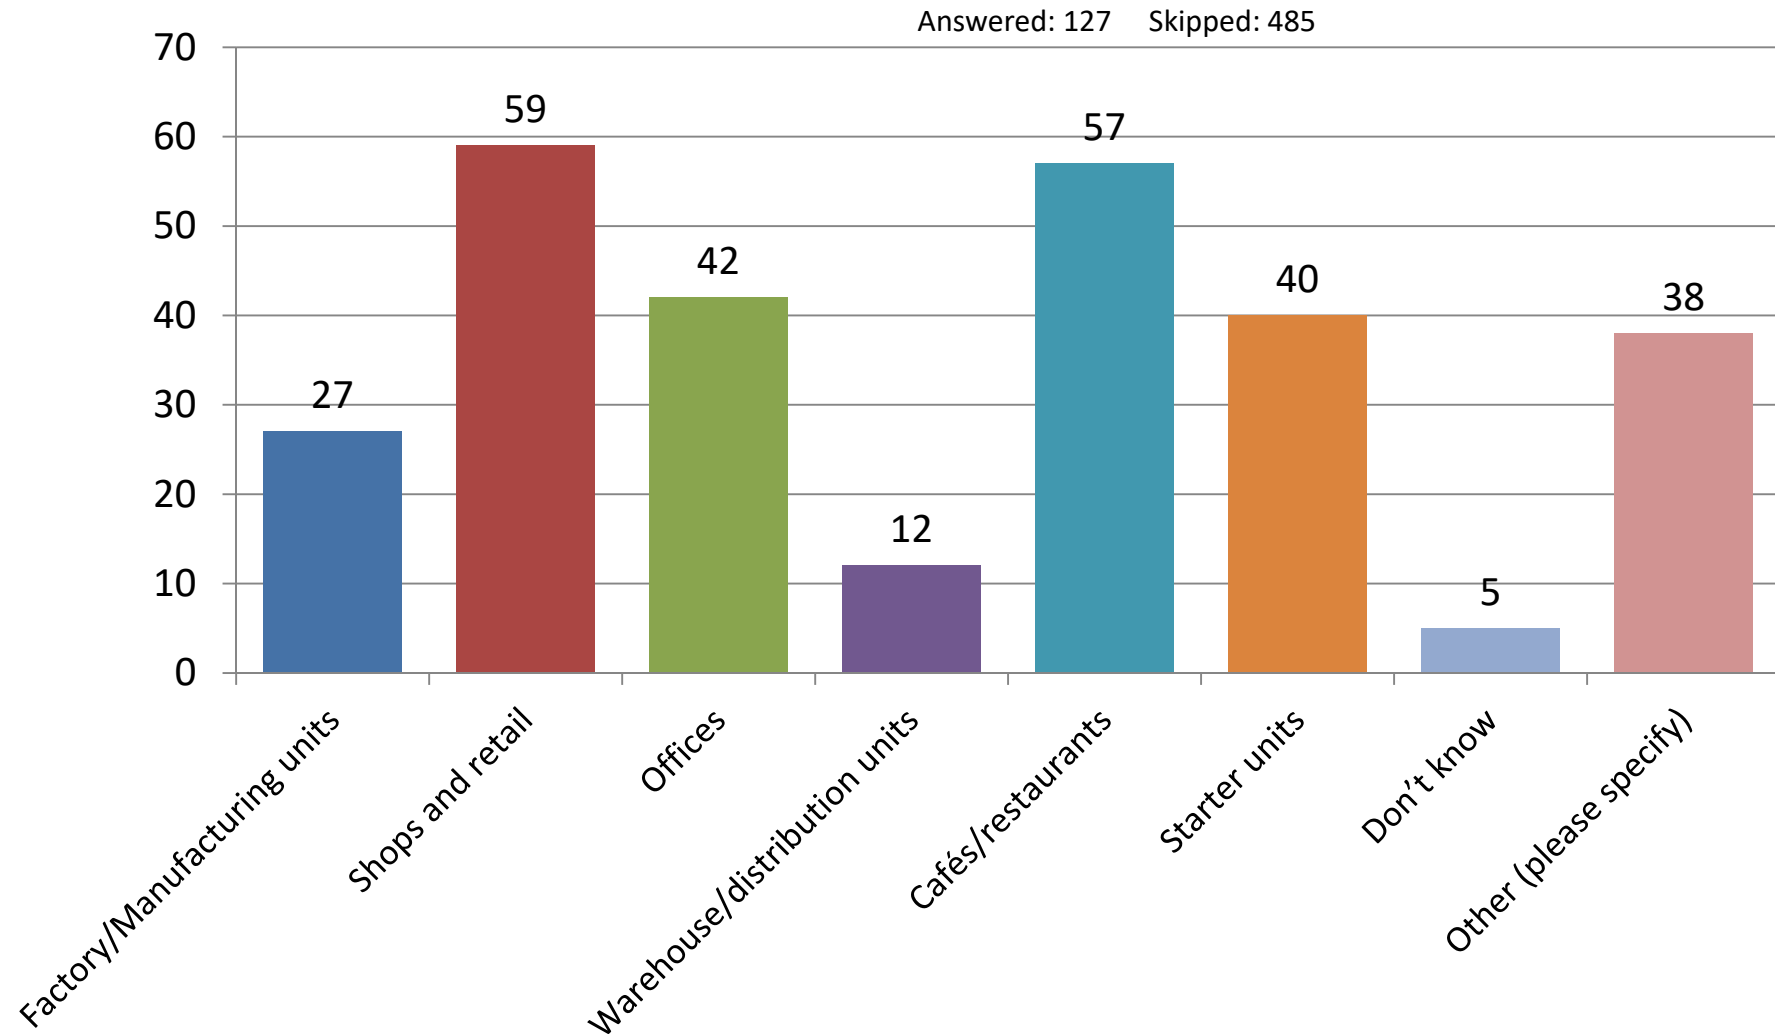

Q35. Do you think the Neighbourhood Plan should allocate further land for employment use?

Answered: 591 Skipped: 21

- No mandate to allocate further land for employment use

Q36. Types of employment land that should be allocated?

- As there was not overall support for allocating a business site the number responding to this question was low.

Q36. Cont. Those that answered other stated:

Other suggestions for employment :

- School
- Nursery
- Medical centre
- Shared office space for home workers
- New tech based start-ups
- Additional car parking space to service the hospital and office space at Kings Court.
- Football ground
- Leisure facilities/ centre
- Gallery space
- Recycling
- Light industrial

New business development locations:

- Using any units available within exiting business parks
- Land between the old church and Worcester Bosch
- East side of the M5 with access from A4538 Pershore Lane
- Regenerate the basin area - demolish the derelict industrial units and build new starter units. e.g. 500sqft to 2500sqft
- Brownfield sites in the City
- Former golf course
- Empty flats above shops
- Between land at Nunnery Way and Cattle Market in Significant Gap
- Empty units by Tesco express

Q37. Sites where new business development would be supported.

Majority said **no** further sites followed by using existing Business parks and empty units first

Other suggestions were:

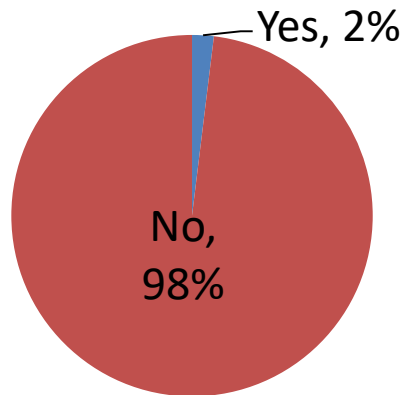

- Brownfield sites
- Behind Travis Perkins
- Berkley Industrial Estate
- North of Berkley Way
- Golf Club
- Between Worcester Woods and land at Nunnery Way (4 and 6)
- Land behind allotments
- Nunnery Way
- Shire Business Park
- Significant Gap
- Worcester Woods
- Retail Park application site

Suggestions Outside the Parish:

- Brownfield sites in Worcester
- East of the M5
- County Hall
- Blackpole
- Hindlip
- Land adjacent to A449 Northern link.
- Norton, Ketch
- Not near J6 and J7 of M5
- Shrub Hill
- Worcester Six Business Park

Q38. Does anyone in the household required additional workspace in the Parish?

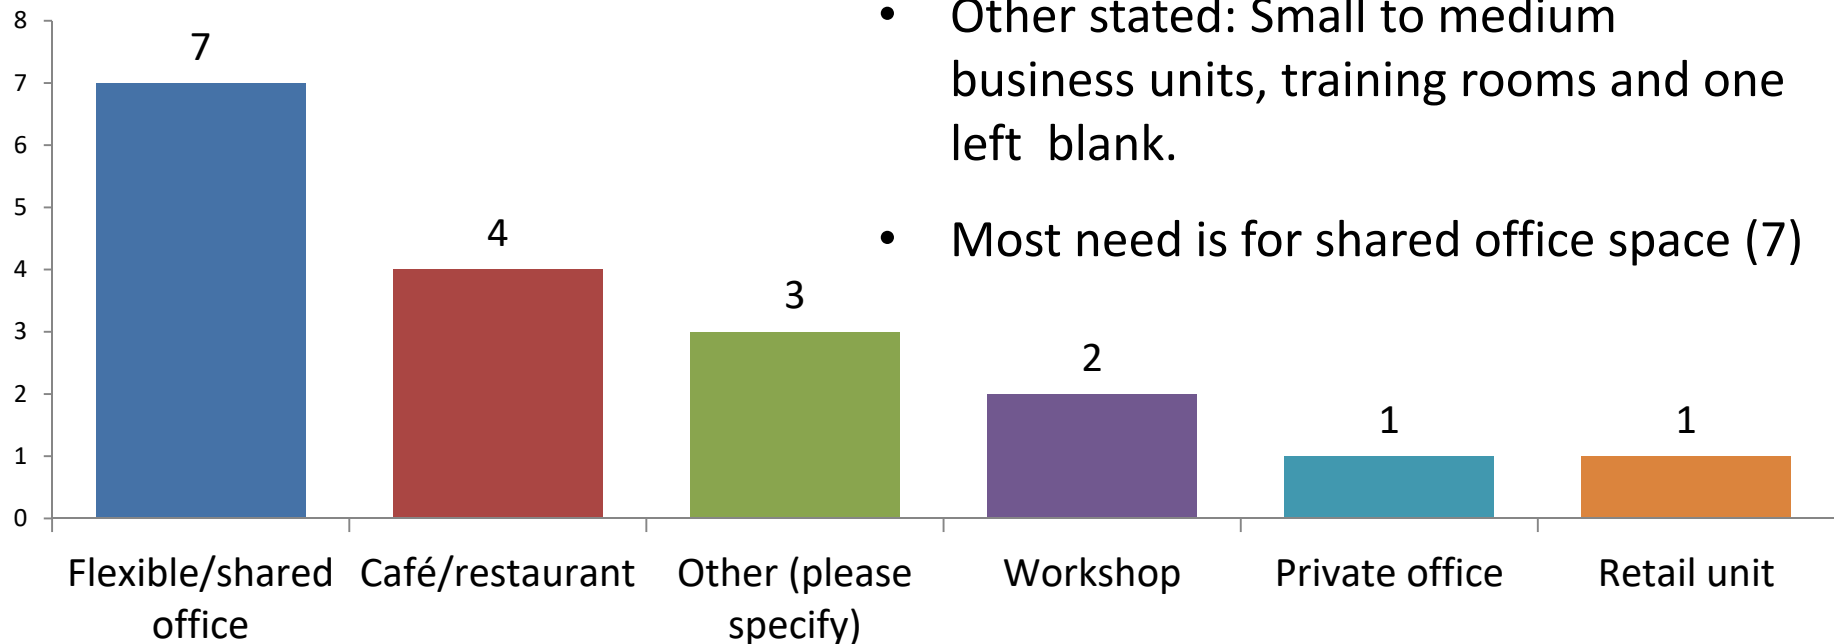

Answered: 570 Skipped: 42

- Only 2 % (11 households) stated they had a need for additional workspace in the parish.
- 13 went on to answer what sort of additional space they would like.

Q39. Type of additional workspace needed?

Answered: 13 Skipped: 599

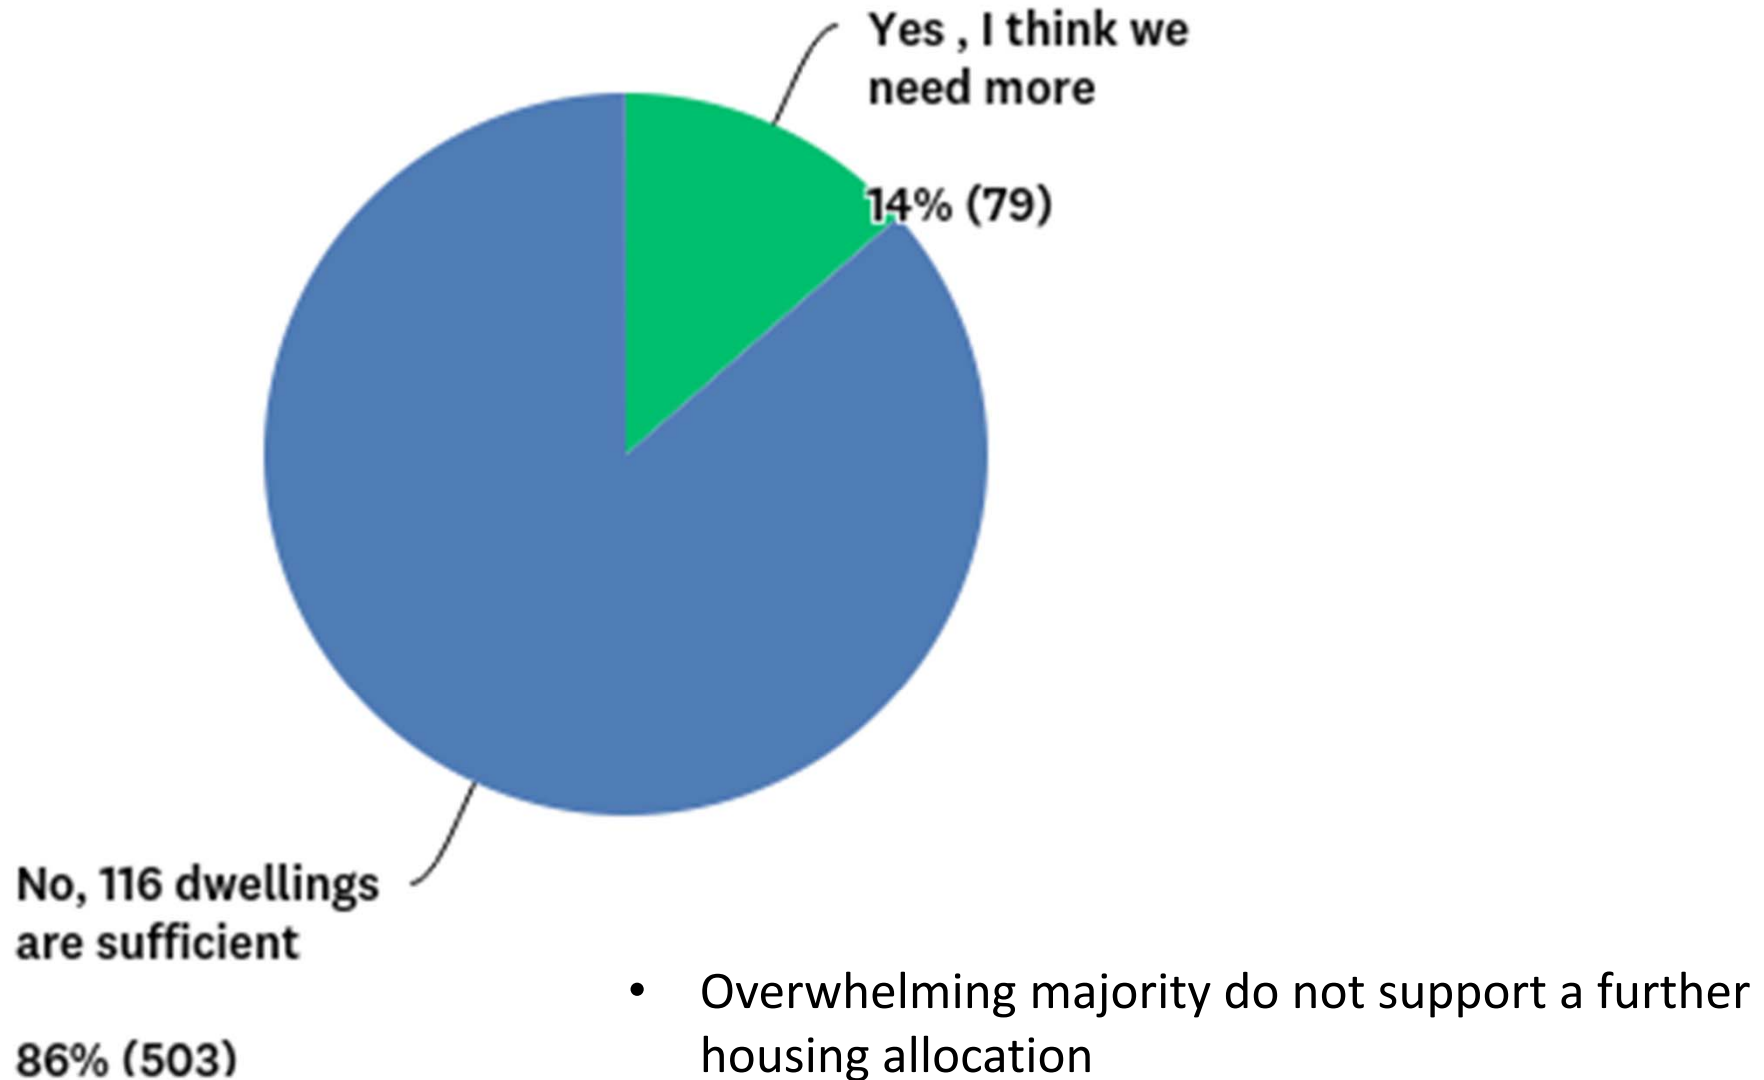

- Other stated: Small to medium business units, training rooms and one left blank.
- Most need is for shared office space (7)

Housing

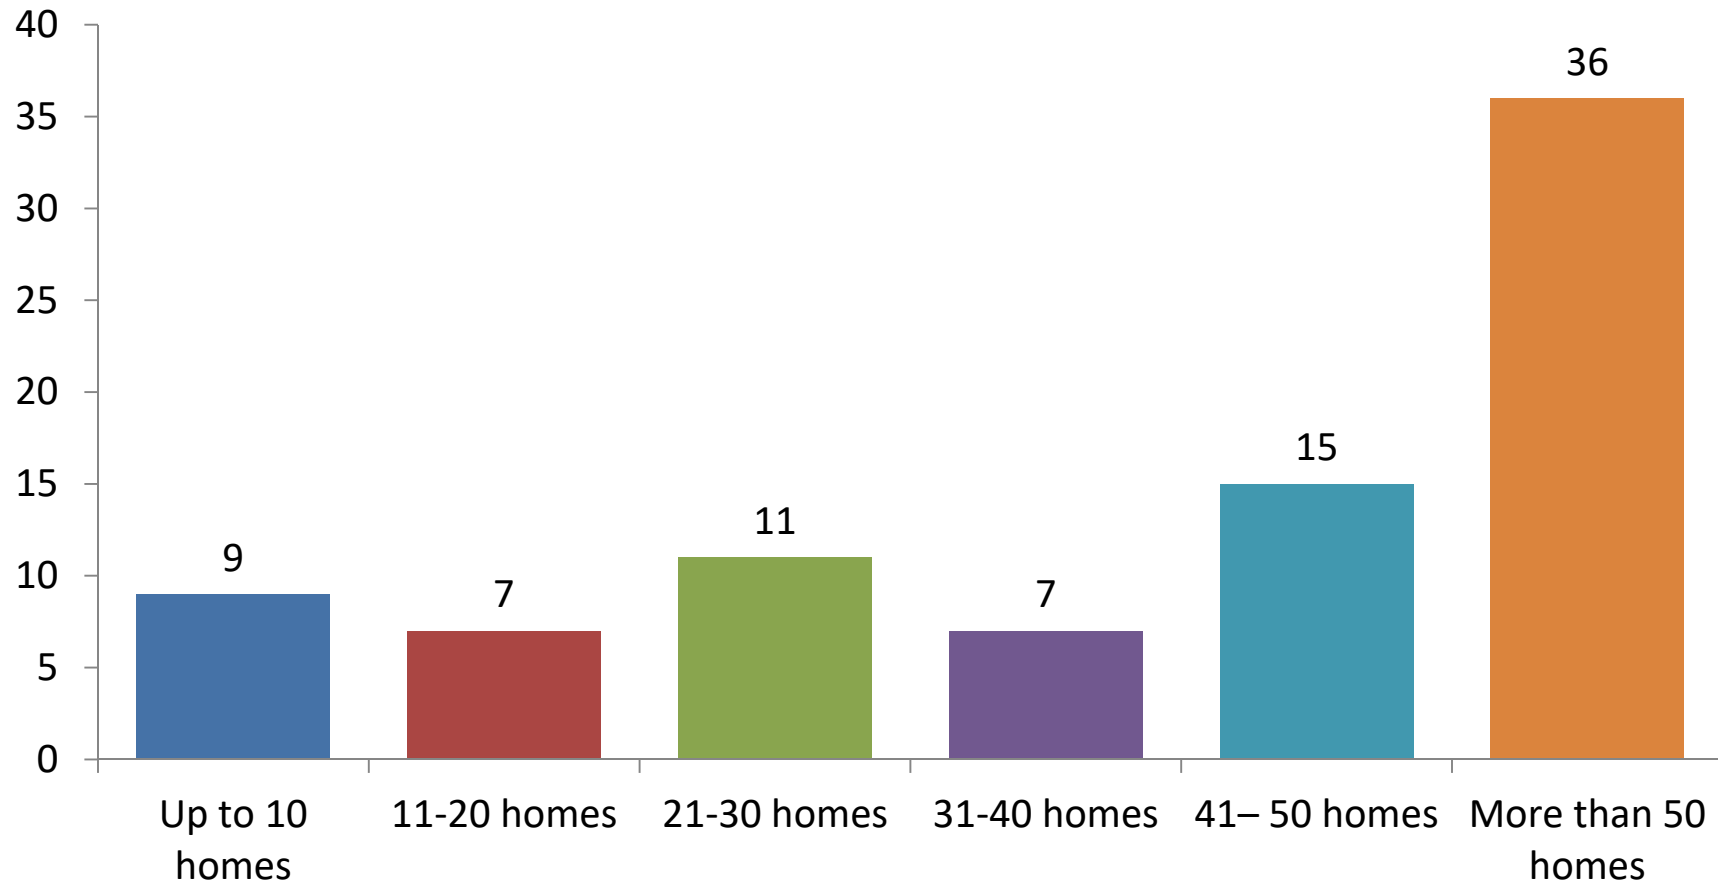

Q40. Would you support the inclusion of a further housing allocation in the Neighbourhood Plan?

Answered: 582 Skipped: 30

Q41. Those that stated yes to more housing how many would you support?

Answered: 85 Skipped: 527

- Only 85 households answered this question so does not represent the views of the majority.
- A larger site number of more than 50 homes was the most popular among those that responded to the question.

Q42. Suggested sites for further housing development ?

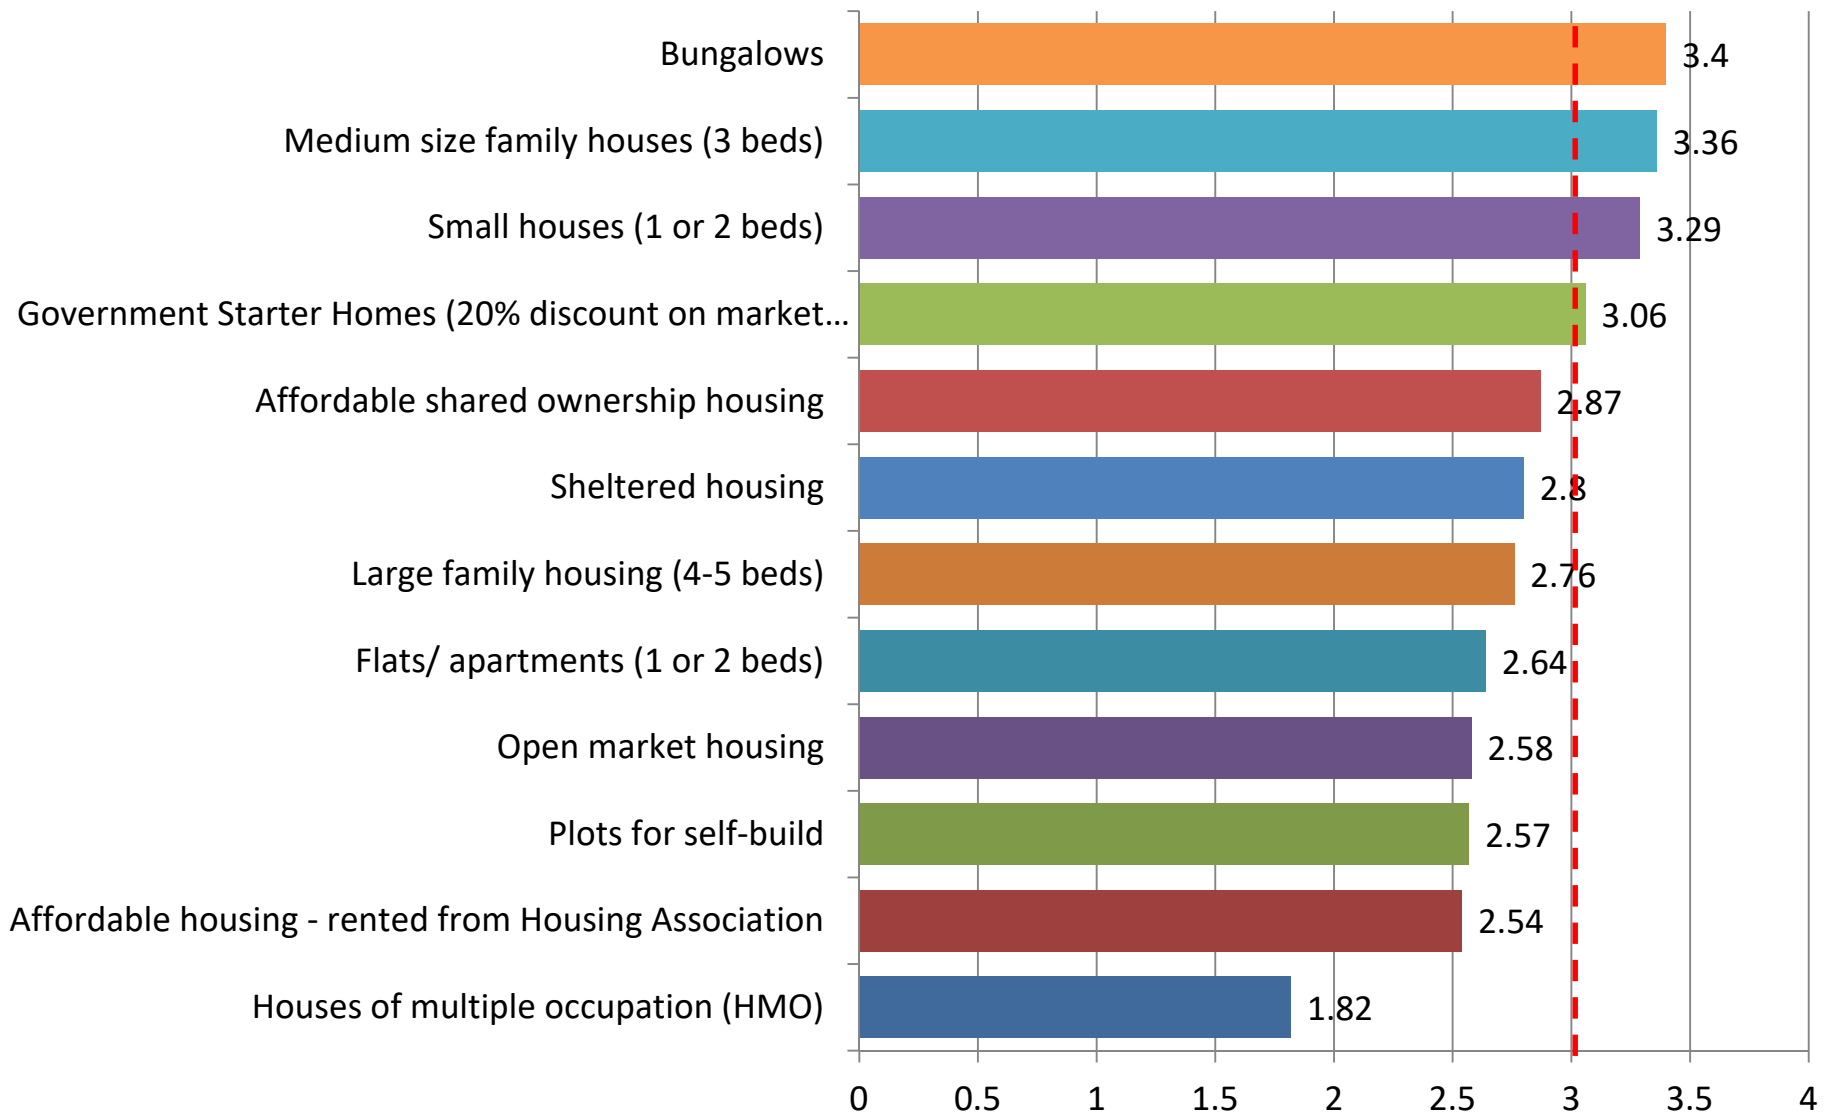

- The majority said no further housing
- Bottom of Ronkswood Hill Meadows
- Brownfield sites
- By Perry Croft Nursing Home/ fields to back of hospital
- Golf Club house site increase the density
- County Hall
- Where not in use change employment allocations and mixed use sites to residential
- Empty homes
- Golf course, larger scheme with open space etc.
- Nunnery Way
- South of Spetchley Road
- Tesco site if redeveloped elsewhere
- Worcester Wood business park mixed use or change to 100% residential

Answered: 597 Skipped: 15

Q55. Do you support our Conservation Objective?

Answered: 597 Skipped: 15

Q56. Do you support our Development Objective?

Answered: 595 Skipped: 17

Summary

- Fantastic level of response, reached all sectors of society, better understanding of the community and how they live, work and use the Parish.
- Use results from questions 13-15 to revisit Vision and Objectives.
- The results provide clear areas to focus on.

Natural environment

- Very important and extremely well used, including public open space, significant gap , play areas, footpaths, and cycle routes.

Next steps:

- Local Green Space Assessments.
- Strengthening of the Strategic Gap policy.
- Exploring other natural environment policy opportunities e.g. footpaths, green networks etc.
- No majority for developing views policy.
- Explore options for renewables and electric charging points policies.
- Great information to share with Parish Council for actions and priorities over coming years.

Built environment

- Facilities important to the community. Interesting suggestions for new opportunities and improvements.

Next steps:

- Complete facilities audit.
- Explore opportunities for developing retail policies e.g. limiting fast food outlets, maintaining and attracting appropriate retail use.
- Discuss opportunities for new facilities e.g. medical / leisure – is there scope to allocate sites?
- No new listed buildings.
- Great information to share with Parish Council for actions and priorities over coming years.

Employment in the Parish

- No mandate to allocate further land for employment use.

Next steps:

- Explore employment policies to focus employment to appropriate locations?

Housing and Housing Need

- No mandate to allocate further land for housing.
- There is a small need now (31) and a potential increased need over the next five years although some of this may be met by people moving elsewhere.
- Greatest need for 2 bed, smaller dwellings. Smaller homes including starter homes and bungalows were more well supported by the community.

Next steps:

- Develop a housing mix policy so that the right type of homes are delivered to meet the needs identified on the allocated sites in the Local Plan?

Vision and Objectives

- These were generally well supported.

Next steps:

- Revisit and check they meet the aspirations of the community and provide a Neighbourhood Development Plan that delivers the development the community support and need over the next 10 to 15 years.
